Rural School Units**

With a view to the establishment of a larger Unit, following lines of modern school administration in the British Isles, and in Canada meetings will be held at nine centres covering eighty school districts. These centres are, Didsbury (Ches.), Sunder, Herrmann, Cranston, Cranfield, Madden, Cuxstair, Map-

Chickens—There are no prices to get that chicken of yours unless you get it from a poultry dealer. I can't say I think of a single place where I can buy.

Butcher—What happened when the high-pressure salesman called today? (Chuckles)—Oh, I told him that my chicken was not the kind of chicken he was looking for.

There's a new collection of books here that you must have. I know, but nobody seems to read them.

What did your husband do when he finally got a job? The most on a par?

FOOD AND MEATS

The Weekly News-Paper

I don't need meat but the lady of the house, before she goes, had ordered me some.

How do you like it returned I might be willing to return.

But one instance I made some very valuable mistakes today.

The other instance, replied, I didn't want any more, right.

Mother—How is going to be in the hospital when he comes out.

How do you know?

Mother—the doctor has just said that the doctor.

Well, Mary did you enjoy the country music?

Oh, it was lovely, much, and I had splendid meat, some the Mayor and Mayor.

Teacher—Tommy, some things that contain milk.

Tommy—Mother, cheese, the cream and two cows.

Friend—Did you ride any on motor this year in your little motor, as you expected?

Bro. Jim, the division and to plant the milk in milk, and you know not to be perfectly level.

What kind the brother of one of my people, so we can get the real plans of a small.

The same thing, only some of it.

An Absconder letter was received to take a party out to the lake for a day, but the day before the letter was in the paper.

My mistress was puzzled, until she saw a notice hanging in the lady's window. (See 11)

Parson we have this train stop at Trunk street?

We want you and get off our station before 1.15.

Thank you

Not very interesting except the dinner garden I saw some about to reach them for the service with a price on my hand.

How precious—how that I love the feeling, I come home from a hospital case with the other ladies on my bed.

A Best was suggested to be at a concert with a resolution as to whether the fair was to be 10 or 15 (Please the suggested concert ended up the resolution's vote was one and found it off the train just as they passed over a bridge.)

I touched with a candle.

How beautiful—how that I love the feeling, I come home from a hospital case with the other ladies on my bed.

A fluster depicted from Tokyo after a capture of a Japanese tank crew. A certain Tachibana Ichi served a fluster beginning to climb Mount Fuji. He was at last succeeded by the age of 100 years. The climb Mount Fuji is more than a mountaineering feat. He is the Japanese who has been climbing Mount Fuji for 100 years. Inductively we result the case of Makiy and Ichi.

[illegible]

A 25-year-old bookkeeper frustrated of three would-be robbers in Toronto, said she was returning to her office from a shopping trip when she was accosted by three men. She said she was carrying the money in a large envelope held under her arm. She said she was carrying three more over her bustle. One jumped out and grabbed at the envelope. She screamed it light blue and the man pulled it out and began shaking.

The "Big Interests" in Life Insurance

Are the Policyholders and Beneficiaries

In Life Insurance, the "Big Interests" are the millions of Canadian policyholders and beneficiaries—men, women and children who have placed their money in Life Insurance.

The interests of these who are so heavily invested in Life Insurance funds are so important that they are safeguarded by the most advanced security, accounting to more than two billion dollars, over to ensure safety to obtain the greatest yield consistent with safety. Every premium made in Life Insurance is carefully invested to be paid promptly and properly.

Canadian policyholders may feel fairly proud of the wise and careful administration of their money funds. Even in the darkest days of the depression, these companies have every obligation promptly and fully—bringing financial security to thousands of Canadian policyholders and beneficiaries.

There is added satisfaction in the fact that the investments of Life Insurance funds have helped to build Canadian homes, schools and hospitals—and develop agriculture, industry and public utilities. Thus, the whole Dominion benefits from Life Insurance.

In the future, as in the past, Canadian policyholders and beneficiaries must always be the "Big Interests" of Life Insurance.

This System is the Right One
 True cooperation has been proven to be a right system of human association over the years. It will continue to expand, because by no other method can the same ideals be perpetuated. Alberta Pool Elevators represent the highest development of grower-controlled co-operative marketing. It should be the aim of all Alberta grain growers to aid in the advancement of this system and this cause. Deliver your grain to Alberta Pool Elevators

PORK and BEANS
The Weekly Sheet Pull

Jerry—I've made a great discovery.
Jim—Well what is it?
Jerry—I've found that the heavy end of a match is the light end.

This sign was on the door of a house in Ohio.
"No Dogs for sale—will eat anything—very fond of children."

Teacher—Virginia, I want you to go to the map and find Cape Horn.
Virginia—Here it is, Teacher.
Teacher—Good, and now, Tom, I want you to tell me who discovered it.
Tommy—Virginia.

Sender to Porter who ran up to break his coat—Do I really need brushing?
Porter—You shake those bones. I'm sure.

Book—You should put your foot down.
Foot—You don't know my wife, if I'd put my foot down, she'd convince me I didn't have a leg to stand on.

Wife to absent minded Professor—Do you realize it's 25 years ago today when we became engaged?
Professor—Er? Why didn't you remind me of it before? It's high time we got married.

I gave a big drinking party at my place last night.
Do it turn out all right?
No, but the ambulance, the patrol wagon and the fire engine did.

Lady (to garbage man) You hear me I told for the garbage.
Garbage man, No jump right in.

Warning about Teacher—Porter, why do bells ring on Knox?
Porter—Because someone is pulling the rope.

YOUR LITTLE SAVINGS... FINANCE MORTGAGE LOANS

THOUS of thousands of Canadian farms and homes benefit from first mortgage loans made possible by the accumulated savings of Life Insurance policyholders.

For every borrower, there are six faithful people who supply the necessary funds.

This fact affords a striking illustration of the "double duty" performed by Life Insurance dollars. Not only do they ensure financial security for the man, woman and children of Canada, but they also help to build and maintain their homes and farms.

Life Insurance companies exercise the greatest care in the selection of properties upon which mortgage loans are made. To safeguard the savings of policyholders, security of principal and interest is and must always be the first consideration.

When a cold strikes...
don't take needless risks

Treat Colds THIS PROVED WAY

With experience, it is known that a cold is not a simple ailment. It is a germ which enters the body through the nose or throat, and spreads to the sinuses, bronchi, and lungs. If not treated promptly, it can lead to more serious complications. The best way to treat a cold is to use a remedy that kills the germ at its source. Vicks Vapo-Rub is the only remedy that does this. It contains eucalypti, menthol, and camphor, which are known to be germicides. When inhaled, these vapors enter the respiratory system and kill the germ before it can spread. This is the only way to cure a cold. Vicks Vapo-Rub is also a powerful decongestant, and it relieves the pain and discomfort of a cold. It is the only remedy that has been proven to be effective in treating colds. It is the only remedy that is safe for all ages. It is the only remedy that is available in every home. Vicks Vapo-Rub is the only remedy that has been used for over 100 years. It is the only remedy that has been recommended by doctors. It is the only remedy that has been praised by the public. Vicks Vapo-Rub is the only remedy that is the best way to treat a cold.

Freedom With Tolerance

Those who have tried to deny thought already of dreamy freedom thought and thought of speech, will never be limited in thought as they are accompanied by severe and instant action to protect the principle and reasonable restraint which the enjoyment of the principle requires.

The duty of preventing these rights which the people of the country may not have thought of, but which are the basis of the freedom of thought and speech, is the duty of the government. It is the duty of the government to protect the rights of the people, and to prevent the government from doing anything that would interfere with the rights of the people. It is the duty of the government to protect the rights of the people, and to prevent the government from doing anything that would interfere with the rights of the people.

With the freedom of thought, in this time, the approval of the people is not enough. It is the duty of the government to protect the rights of the people, and to prevent the government from doing anything that would interfere with the rights of the people. It is the duty of the government to protect the rights of the people, and to prevent the government from doing anything that would interfere with the rights of the people.

The reason for such a statement is not the fact that the government is not perfect, but the fact that the government is not perfect. It is the duty of the government to protect the rights of the people, and to prevent the government from doing anything that would interfere with the rights of the people. It is the duty of the government to protect the rights of the people, and to prevent the government from doing anything that would interfere with the rights of the people.

SUMMER 1997

Protect Your Hard-Earned Savings

THROUGHOUT Canada, life insurance policyholders and beneficiaries should realize the money to their own and the national welfare that lies in extreme and severe legislation.

These policyholders represent to the extent of the election—federal and provincial—through the institution of life insurance, they have so pointed their resources that their collective interest can withstand attacks that would bring financial disaster to the individual.

Despite war, epidemic, panic and depression, life insurance has met every policy obligation promptly and in full.

Despite the financial disturbance of the past six years, it has distributed, and continues to distribute, to its policyholders and beneficiaries, over \$200,000,000 every working day.

Seventy-five per cent. of this money has been, and continues to be, paid to living policyholders: the balance to beneficiaries.

Life insurance is the greatest co-operative business in Canada. No one doubts its strength and stability. No one questions the prudent and intelligent direction of its affairs.

It is the guardian of the hard-earned savings of 3,500,000 men and women in all walks of life.

Today there are forces in Canada that menace the welfare of these people. These forces would plunder their savings and impale their investments through legislation which cancels public and private debts—regardless of the debtor's ability to pay—and which tends to destroy the ownership of public and private property.

The insurers of life insurance policyholders and beneficiaries—in all other citizens whose savings are invested in one form or another in Canada—demand that provision be paid to be observed, when the debtor is able to pay; that hard-earned savings which safeguard the homes and families of the Canadians be protected from unjust legislation.

"Oh, I say now," protested the

captain, "that's a bit thick, what!"

"I've nothing for the gentleman."

"That's the girl said, observing the doctor."

"Oh course I shouldn't go round saying things," said the girl. "I really shouldn't, you know. Most unbecomingly kind of me. It is a matter. Why, only the other day

"may depend upon it. That's what a draft try to put it."

"But they have no claim on me."

"The regrettable fact here," said the girl.

"How could they have?"

"That's true. In an endocrinologic, that is, in the

clump swooped down on me whilst I was settling the bagpipes and before I knew what I was about I'd slipped on order for a crumbing meal... on twelve easy instalments. What I shall do with the beastly thing I can't think. I've always wanted myself—"

"Yes, please," said the man. "We were—in a perfect way fleeing because you made the situation so avoidant. So please try not to tremble."

She came over and kissed him on the cheek.

"Talking of hope," said the Earl, "there is a ray."

"Really? What?" asked Sam.
"Well, it doesn't exactly dance now," said the Earl. "but it's better than a dump match in a swamp. In this morning's post I received a letter from old MarkHoback
"Read it! It's no phony,"
"It's not," said the Earl.

He fished in his pockets and pulled out a packet of letters, many of these were dog-eared. He opened one and read:

Happy New Year Gals!

Hi—Well, I suppose you're
sorry because I came home with
this black eye last night.

Yes [sighs] Not at all, dear
You may not remember it, but
when you came home you didn't
have that black eye.

Minkler—Don't you ever attend
a place of worship?
Yuth—You air, and I'm on
my way to her house now.

Doc Bush is hobnobbing around on
crutches this week. He threw a
cigarette into a manhole and then
stepped on it.

First Group—Why did they
separate?
Second Group—Nobody knows
First Group—No, how terrible.

Greetings and
Best Wishes
to Our Many
Friends, for a

TWO NEW PONTIACS for 1938

BETTER LOOKING.. BETTER BUILT..
1938's BEST BUY!

1938 is a famous day for the car show
Two great Pontiacs for 1938. A new
Big Six and ... an ALL-TIME HERO for
V-8! And a new, stylish Special Six ...
priced at an ALL-TIME LOW!

Two values to make Motorists smile!
Here beauty to take it by storm! The new,
new styling "Silver Streak" styling of the
new Pontiacs reflect dynamism and distinction
from bumper to end. Both cars give the
beauty, silence, safety and riding comfort of
new United States Top Bodies by Fisher.
Both provide new handling ease ... standard
power ... lightning "grip" ... top
performance ... and standard fuel! And the
ride is smoother than smooth and durable!

Standard on all Pontiacs is the new
SAFETY BELT Gear Control. Nothing can be
done with a shift of the finger without re-
moving a hand from the wheel. Never was

NEW SPECIAL SIX
LOWEST

a great one more perfectly "built for drive".
There's no gear shift lever to "rough" the
legs of the middle passenger. Even the
emergency brake is under the seat. There
are hand and foot-operated, both front and
rear, the and drive "Pumper" for 1938—
day! So overheard that for 1938 Pontiac
again continues the field. Ownership can be
conveniently arranged through the General
Motors franchise plan that provides monthly
payments to suit your purse.

can sleep with one eye open and
both eyes on the pay, and who is
not afraid to talk.

Applaud. Yes, I'll need my
wife right now.

At last we discovered the reason
for the traffic lights in the traffic
signals: it gives the policeman a
chance to start his motor.

Fideli? Will you be my
fourth wife?

Fido. Yes—No, if you don't
mind being my fifth husband.

Is your brother, the author, still
writing for money?

Yes, but daily never answers
him now.

In spite of the fact that he had
been out of employment for a year,
he refused the offer of a post as
second met on a coastal vessel.

He said: I want to have people

\$895.

Pontiac "Special" Business Coupe has been shown
from 1938-1939, in Calgary, Edmonton, and other
cities. Features include: Local delivery price
discounted by selling dealers; changeable
chrome bright, chrome-plated and lacquer
finishes. (Prices subject to change without notice).

WHEN you step into Pontiac—you step right out in style—drive
the real "sassy" car you've always wanted to own. And what
about price? They're the lowest in history for the new Special line.
While the Luxe models have never offered so much for the money.
Both cars are better looking and better built as well as better "bays".
And topping the list of features is SAFETY SHIFTS Gear Control—
the greatest driving aid since the self starter! So you tell the world
"you're still going strong"—and just dollars in your pocket—when
you make your new car a Pontiac. See the Pontiac dealer, today.

What Purposes do Life Insurance Premiums Serve?

Answer.—They provide your dependants a guaranteed sum in the event of your death...

Question.—What is done with the premiums you pay?

Answer.—The savings which you put into Life Insurance are combined with those of other policyholders...

- A.—The security of the individual bond, in addition to the integrity of the business—sound government, prudent, or individual.
B.—Why are premiums called savings?
C.—Because, year after year, they build up the fund out of which payments to policyholders and beneficiaries are made.
D.—How much of this money is paid out to policyholders and beneficiaries in Canada?
E.—About a Million Dollars every business day.

East Carstairs Notes

The caucus hall which was postponed two weeks ago, will be held Fri., March 24th.

A number of neighbors held a farewell party last Friday for J.E. Spaulding, who left Wednesday for Calgary, where he will reside.

O. Newfold of Berthel district moved onto the Spaulding farm on Wednesday.

W. Spurgeon suffered painful head injuries last week when he fell from a sleigh.

The annual meeting of the East Telephone Co. was held in Carstairs last Friday. All the old officers were re-elected, with John Munro added. The financial report showed a surplus of \$317 for the year. The rental was set at the same as last year, \$1.75, with 25c cash discount. The number of subscribers has increased from 49 to 79 since the company was organized.

Misses Beatrice Trotter, Helen Leach and Isabel Trotter, and Tom Campbell and Jack McCarty of Calgary, were visitors at the home of Mr. and Mrs. C. Trotter on Monday last.

Dr. Lerner will give a talk on cancer at the meeting of the U.F. W. next Tuesday afternoon at 8.

Mrs. R.B. Kinnell doesn't believe folks in California have the few winter months she played a banquet of powder from her garden on Monday, which is not so bad for old Alberta.

After several days of almost summer like weather, during which the snow almost entirely disappeared, temperatures dropped on Wednesday and today snow began to fall shortly afterwards. Heavy fog on Tuesday and Wednesday nights made our driving somewhat difficult.

The fire alarm woke the old town out of the sleep last Saturday afternoon when it sounded the alarm for a fire at the clothing store in the north end of town. Caused by the hot exhaust pipe where it went through the roof, the fire was easily extinguished with a few pails of water and very little damage resulted.

A meeting of the golf club will be held on Monday, March 11th, at 3:30 p.m. at the Bank of Montreal.

Curling Chatter

The warm weather put a stop to curling the first of the week and the ice on the sheet will take some fixing before it can be fixed.

It is expected that the ice will be back in shape within a couple of days.

The lady series will no doubt begin play on their beautiful artificial sheet.

The roads here dried up well past the few days although they are still rough. This road is some places not quite shaggy.

News Notes From Cremna District

Mr. and Mrs. Donald Dungey returned home from their honeymoon in California last Monday.

Mrs. Edwin Hild is a patient in the Holy Cross Hospital in Calgary.

BORN—To Mr. and Mrs. M. Lawrence of Watervally, a daughter in the Holy Cross Hospital.

John Barcott and family are residing in the Marce while their new house is being built.

Harry Broughton who was seriously ill with measles is well on the road to recovery.

Mr. S. Davis has sold his garage and trucking business Messrs. Matt and George Graham.

Unkind things are apt to be said in these days of stress about industry but industry at the same time can help the public to understand its own troubles.

It might not be amiss, for example, to draw attention to the fact of the industry, in good times and bad, has not only met every public obligation without asking for financial aid from the taxpayer (on the other hand it is contributing to the support of government in the form of taxes upon its property, products and operations at the staggering rate of \$1,000,000,000 per annum in the United States alone).

This tax bill is but slightly less than the \$1,575,000,000 which the industry pays to labor and four times the amount paid to the large number of persons who furnish the required capital.

A part from this, if the industry's achievements were to be measured in terms of public service, there would be big credits under such items as quality of product, wages and working conditions of employees, and during the past year an approach to a more reasonable return on invested capital, notwithstanding increasing costs of materials and supplies.

Stork Falls a Fast One

Last Thursday was stork derby day for Carstairs and the old bird had no shortage of a number of men when he deposited three brand new baby boys to three Carstairs homes on Mr. and Mrs. Ron McCoy, Mr. and Mrs. Chas. Purson and Mr. and Mrs. Jack Martin each had a bundle left by the big bird.

Basketball

Carstairs junior girls won over Olds juniors by a margin of six points, the score being 19 to 13.
Lineup—N. Edmondson, B. Wright, B. Edwards, J. Taylor, A. Roe, J. McCrimmon, M. Sheline, J. McKay, B. Sprague, L. Williamson.
The senior game, which followed proved to be a walk away for the Carstairs girls, the score amounting to 41 to 12. Quick, easy passing and good use of their side line and corners gave them the advantage.
Lineup—B. Watson, M. Donnelly, T. Watson, E. McFarlane, W. Kirk, E. Nelson.

There was a fair turn out for the dance last week.

Wood, former federal agent, was arrested in 1935 for being derelict in his duties as a member of the board of directors of the National Industrial Conference Board, a private organization which has been accused of being a center for racketeering and for helping thieves and racketeers. He was released from prison in 1937 on the condition of the payment of a \$5,000 bond.

FARMERS and RANCHERS
Borrow for Profits
Prosperity for the farmer and rancher contributes to the prosperity of all, so important and essential is the agricultural industry to Canada.
Farmers and ranchers frequently need to borrow—for putting in crops, purchasing or preparing livestock for sale, investing and other profitable purposes.
The Bank of Montreal, because of its wide connections with agricultural activities, is familiar with the credit needs of farmers and ranchers, and welcomes their applications for loans. Consult our nearest branch manager, who will be glad to discuss your

PLUG SMOKING TOBACCO

An Industry To Nurture

At a time when Western Canada is looking around for more sources of income to fund its social government, and to supplement the supply of raw materials and products, it might be expected to find a new source of income in the industry of developing the pipe-smoking tobacco trade. In a recent issue of the *Canadian Pipe Smoker*, a magazine devoted to the pipe-smoking industry, it is pointed out that the pipe-smoking industry is a growing industry and has been so for many years. The pipe-smoking industry is a growing industry and has been so for many years. The pipe-smoking industry is a growing industry and has been so for many years.

A preliminary estimate made by the Dominion Bureau of Statistics shows that the total expenditure of Canadian pipe smokers in 1937 was approximately \$20,000,000, while the total expenditure of Canadian pipe smokers in 1938 was approximately \$22,000,000. The corresponding figures for 1939 are \$23,000,000 and \$24,000,000 respectively. These figures are not only high but also show a steady increase in the pipe-smoking industry. The pipe-smoking industry is a growing industry and has been so for many years. The pipe-smoking industry is a growing industry and has been so for many years.

When these figures are compared with the total revenue derived from the pipe-smoking industry, it is seen that the pipe-smoking industry is a profitable industry. The pipe-smoking industry is a profitable industry and has been so for many years. The pipe-smoking industry is a profitable industry and has been so for many years. To Investigate Factors Responsible for Fluctuations In Fur Bearing Animals

Widespread recognition of Canada's fur-bearing animals is due to the fact that they are the most valuable natural resource in the country. The population of wild fur-bearing animals is fluctuating, and it is the duty of the government to investigate the factors responsible for these fluctuations. The Department of the Interior, through the Canadian Wildlife Service, is conducting a series of investigations into the factors which cause the fluctuations in the population of fur-bearing animals. The results of these investigations will be used to develop a system of management which will insure the continued existence of these animals in the wild.

The first objective of the survey will be to determine the cause of the fluctuations in the population of fur-bearing animals. This will be done by a study of the factors which influence the population of these animals. The factors which are being studied are: (1) the food supply, (2) the habitat, (3) the climate, (4) the diseases, and (5) the hunting pressure. The results of this study will be used to develop a system of management which will insure the continued existence of these animals in the wild.

The second objective of the survey will be to determine the effect of the fluctuations in the population of fur-bearing animals on the economy of the country. This will be done by a study of the factors which influence the economy of the country. The factors which are being studied are: (1) the demand for fur, (2) the supply of fur, (3) the price of fur, and (4) the employment of the fur-bearing industry. The results of this study will be used to develop a system of management which will insure the continued existence of these animals in the wild.

The third objective of the survey will be to determine the effect of the fluctuations in the population of fur-bearing animals on the environment. This will be done by a study of the factors which influence the environment. The factors which are being studied are: (1) the destruction of the habitat, (2) the pollution of the environment, and (3) the over-hunting of the animals. The results of this study will be used to develop a system of management which will insure the continued existence of these animals in the wild.

The fourth objective of the survey will be to determine the effect of the fluctuations in the population of fur-bearing animals on the culture of the country. This will be done by a study of the factors which influence the culture of the country. The factors which are being studied are: (1) the fur-bearing industry, (2) the fur-bearing trade, and (3) the fur-bearing art. The results of this study will be used to develop a system of management which will insure the continued existence of these animals in the wild.

The fifth objective of the survey will be to determine the effect of the fluctuations in the population of fur-bearing animals on the future of the country. This will be done by a study of the factors which influence the future of the country. The factors which are being studied are: (1) the fur-bearing industry, (2) the fur-bearing trade, and (3) the fur-bearing art. The results of this study will be used to develop a system of management which will insure the continued existence of these animals in the wild.

The sixth objective of the survey will be to determine the effect of the fluctuations in the population of fur-bearing animals on the world. This will be done by a study of the factors which influence the world. The factors which are being studied are: (1) the fur-bearing industry, (2) the fur-bearing trade, and (3) the fur-bearing art. The results of this study will be used to develop a system of management which will insure the continued existence of these animals in the wild.

A Real Complaint

People generally think of rats as being verminous and of no use. But in the fur-bearing industry, the rat is a valuable animal. The rat is a member of the family Muridae, and it is one of the most common of the mammals. It is found in all parts of the world, and it is one of the most adaptable of the mammals. It is a very intelligent animal, and it is a very hardy animal. It is a very useful animal, and it is a very valuable animal.

Electric Light Franchise Expires June 7

The electric light agreement with the Calgary Power Co., which has been in effect for ten years, expires on June 7th.

A representative of the Company Mr. Smith attended the meeting of the Council on Monday night to discuss the new contract which the council is expected to sign.

The new contract is almost a exact duplicate of the old and no concessions in rate are provided.

According to the company, their earnings will not permit any reduction.

At the present time the council have agreed, along with a number of other towns, not to sign the contract until such time as they all sign up in the same line. Representatives of these towns are endeavoring to get some reduction in rate.

Nothing Definite on Location of Highway

A delegation from the towns between Carstairs and Lacombe, together with the members for the three constituencies, met in Calgary last Friday to interview Mr. Galt and Mr. Manning in an effort to have the proposed new highway route all towns along the route.

The combined arguments of the delegation and the members seemed in getting Mr. Galt's promise that as soon as the report of the engineers had been obtained, on basis of a road following the track the delegates would again be given a chance to present their case before the work would be proceeded with.

A number from here were attending a meeting in Lacombe tonight to protest the changing of the highway.

Mr. Geo. McKay is reported to be doing nothing after his recent operations in the Lacombe hospital.

Elements In Fertilizers Have Separate Functions To Perform In Work Of Plant

Fertilizers are materials which furnish to the plants essential elements of fertility in soil, namely nitrogen, phosphorus, and potash. The material nitrogen has three separate functions to perform in the work of the plant. Experience has shown that it is known as a "top-dressing" fertilizer. MARCH OF TIME

Early century monks in their monasteries fostered the Brewing art. Commercial Brewers learned the lore—and in the "MARCH OF TIME" the Alberta Beers have inherited the rich legacy of skill. Today Alberta Beers are made as the finest Beer used to be made—following the same formulae—depending on "TIME" alone to assure that rich, full-bodied goodness so prevalent in every bottle of Alberta-made Beers.

Christmas Eve morning, the interior of the home was a photograph of daily, mundane reality. In the foreground, a television set is visible, and in the background, a Christmas tree stands in the living room. The room is filled with the warm, golden light of the holiday season. The overall atmosphere is one of quiet domesticity and the anticipation of the Christmas Eve celebration.

FRIDAY 22

CARSTAIRS, ALBERTA, THURSDAY, JULY 2, 1936.

NUMBER 97

Obituary

Crushed between a tractor and a plow Friday afternoon on his farm two miles north of Okotoks, Martin Nelson, at year old farmer, died in the Okotoks hospital Saturday morning.

Mr. Nelson had returned home to do some bookkeeping when his family attended the Okotoks Day picnic at Okotoks. Nothing was known of the tragedy until the family returned, when they found the unfortunate lying partly under the plow.

Nelson had farmed in the Okotoks district for a number of years, having come from the Third Hills district where he had farmed for 17 years.

He is survived by his wife, Dorothy, three daughters, Mrs. M. Burnett, Okotoks, Alton, Okotoks, and Mrs. Norman Bess, Stettin, Ont., and, Walter, at home on his place and one sister.

Rev. S. B. Brimicombe conducted services from the Third Hills United Church on Wednesday at 2:30 p.m. Interment was made in these Hills cemetery.

Village Sets Mail Rate

At the regular meeting of the Village council on Monday evening the last rate for the current year was set at 30 cents, the same as last year. A rate of 4 cents, will be levied to make up the cost of service but which must be paid to the provincial government.

Mr. W. H. Hargis returned home from Okotoks last Friday.

The regular meeting of the Okotoks lodge will be held next Thursday evening.

Seeking Rain Received

"Just what we needed and at the right time," is what everyone is saying about the rain over the week end, when about three inches of moisture fell in a space of 10 hours.

Crops, which were beginning to show the need have been given a new lease on life and prospects have been looked better for years. Farmers will also benefit greatly from the added moisture.

Methods Being Used For The Restoration Of Prairie Drouth Areas

A comprehensive review of the structure and problems which are being successfully combated by the Prairie Provinces' efforts in the rehabilitation of the Prairie drought areas was given in a recent report by the Prairie Provinces' N. S. Archibald, Director, Dominion Experimental Farms Service and the Prairie Provinces' Agriculture, Prairie Farm Rehabilitation Act. The agricultural area in the Prairie Provinces is estimated to be about 71,000,000 acres of cultivated land in Canada. Fully \$4,000,000,000 worth of crops are produced each year, which 13,000,000 acres are valued annually. About 10,000,000 acres of the 71,000,000 acres are under pasture in Canada. Fully 35,000,000 acres

Mr. Frederick Hartman Led To His Winding Road To Rehabilitation For Mr. Frederick Hartman, a farmer, to reduce Canada's annual drought damage by 50 per cent. The famous "Drought Doctor" has been invited by the Government to travel throughout the country to advise its farmers on how to "have something" in the form of livestock insurance.

Mr. Hartman's death may not take place for several hours after apparent death by drowning, Dr. Hartman says. "He may be able to breathe and move," he says. "I am sure man doctors will be able to maintain the man who a person may be able to breathe and move."

Mr. Hartman is a well-known, successful livestock breeder in the

"Health," the negative of the word "wealth," is the most important factor in the success of the fisherman in the Hula Zone today. Artificial respiration being supplied constantly, the fish can survive in water 20 minutes.

The Tawnde fishermen seek to keep their fish in the water for a maximum of 30 minutes, to avoid the deterioration of vitamins after mackereling. They point out that in the Hula Zone, the fish are not exposed to air-drying. It is seldom possible to get an exact record of the time the fish are in the water, but the length of time spent in artificial respiration is noted.

They hope to be able to get exact information on these two points

Successing years of damnable drought, grasshopper damage, and drifting, and necessary heavy maintenance to farmers in central and southern Alberta, and southern Manitoba, and southern Alberta, covering a period of five years, in June of 1960, continued the Department of Agriculture, and the Federal Government, and the provinces, have made some rehabilitation work necessary if the enormous massing power of Western Canada, due to the completion of the Canadian Pacific Railway, and the completion of their particular type of production, was to be retained.

Consequently in April 1980, an act of the "Fratric Fire Rehabilitation Committee" was passed in the House of Commons. The organization of Donations Department, with wherever possible, the Provincial Departments of Agriculture and Lands was immediately undertaken. The many lines of endeavour fall into three broad groups: (a) cultural; (b) economic; and (c) social. Administration of integrated agricultural community work; and (c) rural development.

farmers co-operative societies in India have been in the field for some time, but the Government is now making a serious attempt to encourage them. The Government is now making a serious attempt to encourage them. The Government is now making a serious attempt to encourage them.

termine the type of agriculture to be developed in the country, and to encourage, utilizing the establishment of community pasture, reserve grazing areas, and organizations, irrigation ditches, and feed and fodder relief inspectors.

Water development has been one of the major activities in satisfying the largest number of farmers with the assistance of the Government. The Government has been working for domestic purposes and for livestock, small stock raising, dairy, small irrigation dams, community and municipal water supply, and large water, irrigation projects for the country.

It is not only the Government, but also the people, who are more concerned than any other country in the British Empire, but where farmers claim to be the most important, the Government produces of maize (corn), states the Imperial Economic Committee; and, the same year in the Empire, except in Canada, in Nigeria, the aggregate production being less than one per cent. of the world total. Canada is the only exporting country of rice in the Empire, and rice imports into the Empire are very small, confined to the United Kingdom.

No Longer Plausible

Union leader at Seattle said white collar workers need union. But where, on earth, have the white collar workers gone? We've just glanced at the statistics of change groups and supposed to be in that class and could count only two white collars in the lot. The rest were blue, green, tan, gray, pink-colored and colorful.

The railway companies were particularly unkind when, last fall, we began to build the line. They charged sections of the local citizens with the responsibility of clearing the way to a more even footing with truck competition.

But the efforts of the Transport Act, the railways will be able to compete with trucks. The law is forcing them to transport their goods at rates lower than the regular published tariffs. Besides, the law allows the railway company at its business discretion to transport its railcars by the transport board.

ANTI-JEWISH MEASURES TO

TAKEN BY ITALY

Rome - The Italian government announced the first of anti-Jewish measures forbidden by the 1938 Fascist statute which forbids Italy's 17,000 Jews "to mix with the Italian race."

The order barred foreign Jews from Italian schools, a measure limited since Jews do not go to Italian schools, and the ban on the foreign Jews normally attending

Italian Jews considered the latent symptomatic cases of disease the racial campaign had passed. The academic to the practical. Other more arduous regulations expected to follow.

According to revised non-comprehensive law governing activities of Italian Jews to formulate and the Fascist

such as motion pictures, literature and painting from political and social positions connected with state, from the Fascist party

2. Establishment of a guild for Jews to Aryans in such professions as law, medicine and engineering.
3. Limitation of the number of Jews eligible to receive university degrees.
4. Supervision of Jewish economic activity in order to prevent Jewish-controlled commercial activity.

License Will Be Cancelled

After September Jewish Doctors Must Practice In Germany

Berlin. All Jewish physicians in Germany will be deprived of their medical licenses after Sept. 30 unless they renounce their Jewish faith, an order published in the official Reichsgesetzblatt.

The order briefly states that after Sept. 30 all such licenses will be cancelled. It is further stated that

The order adds that in exceptional cases maintenance grants may be allowed Jewish physicians thus freed from the prohibition provided they served at the front in the Great War.

The new order is described as based on the Nuremberg racial laws according to which Jews are German "subjects", and do not have the status of a citizen.

The number of Jews then entitled to the decree affects is estimated at between 5,000 and 7,000.

A young man who had got his degree had been looking around for a job.

Entering an office he asked to see the manager. While waiting he said to the office boy: Do you suppose there is any opening here for a University graduate?

Well there will be, was the reply. If the boss doesn't raise my salary two shillings by tomorrow!

And Kate—When I was young or I could have married anybody I pleased.

Little Bobby—Didn't you please anybody?

Where are those perfect two heads you hear so much about? said a man in a suburban trade the other evening.

Usually married to the woman next door, replied the other sorrowfully.

They were travelling over the ocean that a certain physician among writer had chafed.

Production Stage Reached In Gold Mining Activities In Northwest Territories

Gold mining activities in the Northwest Territories have reached the production stage, the Commissioner of the Northwest Territories has announced. The first gold mine to be opened in the Northwest Territories is the Yellowknife mine, which is owned by the Yellowknife Gold Mining Company. The mine is located in the Yellowknife area, about 10 miles from the town of Yellowknife. The mine is expected to produce about 100,000 ounces of gold in 1961.

The Yellowknife mine is the first of a number of gold mines that are being developed in the Northwest Territories. Smith—Is your wife communi-
ist?

Jeans—Sometimes. She used only 30 candles on her 50th birthday cake.

Daughter—Hello, daddy, how you send that book I gave you for Christmas?

Daddy—No, my dear, your mother is reading it to see if it's fit for me to read.

Tired Tim—I found a good watch. **Wesley Willie**—What did you do with it?

Tired Tim—Threw it away.

Wesley Willie Why?

Tired Tim—It wasn't wound up.

What your husband wants is a complete rest, said the doctor, so I have prescribed a sleeping powder.

Yes, Doctor, said the wife, and what time shall I give it to him? **Oh**, it's not for him, replied the doctor, it's for you.

Would be Employer—Have you any references?
Would be Employee—Sure, here's the letter. To whom it may concern: J. H. Jones worked for me one week and we're satisfied.

Conductor—Did you get home all right last night?
Passenger—Oh course, why.

Conductor—Well, last night when you got up and gave the lady your seat, you were the only one in the street car.

The man who looks nervous glad only because his lesson test by last

Joe—If I'd known you were a waitress I would never have married you.

Joe—If I hadn't known, father would never have let you

Department of National Defence Studying Program For Manufacture Of Arms

The country's chief difficulty in the matter of equipping its defence forces from the use of foreign arms is being met by the department of national defence, which is studying the possibility of manufacturing arms in Canada.

When this, C. D. Howard, director of the department of national defence, is asked why the department is studying the possibility of manufacturing arms in Canada, he replies that the department is studying the possibility of manufacturing arms in Canada because it is the only way to meet the country's needs for arms.

United Church Players Attracts Good Crowd

A good crowd was present to witness the presentation of the three act play, *Illegitimate Honor*, presented in Carstairs Hall by the United Church Players last Thursday evening.

From the time the curtains went up until the last of the last act were moments of excitement with ghostly bolts, wailing shrieks and murderous intention. All players under the direction of Mrs. A. Baker, acted their parts well. Much credit is due to Mr. G. B. Bawden, our electrician, who worked with no faultiness from precision to precision.

Carlers Awaiting Change in Weather

The carlers held their meeting in the risk last Friday night and chose the ship as follows—*Loon, Lincoeur, Blimp, Chrysler, W. Edmondson, Blimp, Chrysler, Art and John Edmondson and Weber*. Blimp was not drawn as there were a number who were not at the meeting, who had said they might not.

Ships were asked to go out and see how many more carlers could be brought into the club. As soon as the lot is in shape another meeting will be called to complete the fleet.

It was decided to open the season with a mixed bouquet if the ladies wished to play.

Done for the season was set at 8.

Mild weather put a stop to ice making last week and it has been too warm since to continue.

The I.D.E. and the Bonanza are planning to co-operate on a big dance to be held on Monday night Dec 25th.

REFUSES 'STAND SH WAR

London—Prime Minister Chamberlain refused to modify Britain's policy of non-interference in the Spanish civil war and supply direct aid to the government forces.

In a letter to the request of General Azaña's lawyer, the opposition, that parliament is authorized to discuss and vote on the matter, the prime minister declined to take any notice.

Mr Chamberlain said in the government's view Mr Azaña's belief that there had come a time in the policy of non-interference, should be reversed and that the government would be prepared to supply arms and ammunition to the Spanish government forces, would only increase the suffering of the Spanish people.

The consequences the prime minister added, "tended to be accurately foreseen but . . . and, obviously would be very grave."

Italy. The French cabinet was authoritatively expected to have decided to stake its life in the chamber of deputies on a well-known policy of non-intervention in the Spanish civil war and "capitalist defense" of French interests.

Extensive political sources said the ministers meeting with President Ali-

Foreign Minister Georges Bonnet was reported to have maintained no maintaining neutrality in Spain and supporting France's policy of abstention to help for the government. This he was said to have considered, was necessary to hold Great Britain's support for France as other European

CHICAGO. — Governor-General and
Lady Tweedsmuir will leave early in
March for a month-long trip to
Western Canada while Victoria Hall
is made ready for the King and
Queen who arrive here May 17. Their
itinerary has not yet been planned.

New furnishings will be added to

Their Coronation visit to London which will be the climax of the royal visitors while they are in Britain. Lord and Lady Tvedestrand remain at Rideau Hall during the four-day royal visit.

Alterations in furnishings also will be made at the Citadel, summer residence of the governor-general in Quebec, which will be Their Majesties headquarters there.

What's "Bouck"? POSSIBLY you may have seen the word Bouck here and there through out the Carstairs, usually in connection with a fabric or yarn. Do you know what it means?

Well, it's a French word meaning "curled". Bouck yarns are made with little loops that give a soft, springy appearance to the fabric. Usually these yarns are all-wool, but sometimes they're all-cotton and sometimes wool with a cotton core. These made from rayon are used greatly for knitting.

When the term is applied to women's coat fabric, it is denoted that, as a rule, all-wool bouck yarns are used in both the outer and the lining of the fabric. This makes a very cozy, warm coat.

Occasionally you may be confused as to the meaning of some name appearing in the Carstairs. Write to me and I will be glad to describe it for you and give you any information that is available concerning the particular material. On this kind of help, you can be sure that I am always at your service. Drop me a line now and be sure of my personal attention.

The Weekly Starval Fall

This is the plot of my story. A midnight scene. Two burglars creep stealthily toward the house. They climb a wall and force open a window and enter the room; the clock strikes one.

She (tremulously)—Which one? Policeman—Can you describe your assailant? Victim—Describe him! Who, that is exactly what I was doing when he landed me one.

Minister (to man about to enter public house) Do you know, my man, that that door will carry take you to prison.

Thirty One—That don't matter, mister. They turn us all out again at midnight.

Galsworthy is dead, says one observer; because an electric hand has been devised for a woman's muff. It's not all dead, however, till they get a third arm in case for steering wheels.

We're too old to be interested in the "best" writer in New York who does themes for college students, but we'd be glad to discuss with any one who would give us a lift on helping one one with his fifth grade arithmetic.

Visitor—Do you have much trouble in school, Henry? Henry—Yes, quite a lot. Visitor—What seems to give you the most trouble? Henry—The teacher.

An explorer says that wolf meat is very nourishing and we've had a good meal on our journey all this time without having it.

What are you doing in the pantry, Tommy? Fighting against temptation, ma'am.

I did not steal the chicken, said the prisoner. I just took it for a job.

Two months, replied the magistrate, for carrying the job too far.

Father—And there, son, I have told you the story of your duty and the great war.

Son—Yes, daddy, but what did they need all the other soldiers for?

The Predicament of Youth

No apology is needed for referring to the problem of youth as it exists in Western Canada today after a decade of continued agricultural depression. The weight of the problem becomes more pronounced as the years roll along and young men and young women are left exposed for making up the deficit of citizenship that themselves, through no fault of their own, will not make up. It is a problem that will not cure itself, even with plans for a "better youth," by which time they may have "ruined the hour" and sold that citizenship bill handed down.

During these ten years hundreds of thousands of these young people have grown to maturity and are not only selling but auctioning to their parents the right of their own lives and the lives of the nation's youth.

Referring to the predicament of this class of youth as a matter on the body politic, it is to emphasize that no nation on earth of a large population of youth is preoccupied in the nations on this side of the Atlantic with the welfare of its nation like Canada. For the youth of today, who are the future of the nation, are the most serious problem of the nation's body politic.

When the problem of youth is taken into its immensity as one of our most serious, not only because of its human effects but because of its economic effects upon the welfare and happiness of the people of the nation.

Direct relief for the predicament of youth in this country, which we have had with us as an emergency problem for some years, is not a simple matter. The problem is a complex one involving the education of youth, the welfare of youth, the welfare of the nation, the welfare of the world, the welfare of the human race, the welfare of the universe, the welfare of the whole.

The fact that the problem of youth is a complex one involving the education of youth, the welfare of youth, the welfare of the nation, the welfare of the world, the welfare of the human race, the welfare of the universe, the welfare of the whole, is a fact that is not only a fact of the present but a fact of the future.

Mr. Harter—I want to select a Christmas gift for my husband.
Clark—Yes, madam, you'll find the cheap time in the bargain basement.

First—What I say to my wife, you!
Second—Yes, it goes all over the neighborhood.

Oh—I wonder why women are naturally more forgiving than men?
He—Because they make up more

Do you think the Senator put enough fire into his speech?
My opinion is he didn't put enough of his speech into the fire.

Her alarm is good-looking, eh?
Don't say know is, say know are.

Dinner [to waiter] What's the name of that selection the orchestra is playing?

Waiter—"On Feather Your Nest Dinner—Go jump in the lake!" I asked you a civil question

Mr. Howard—Now, dear, what will I get if I cook a dinner like that for you every day for the rest of this year?
Howard—My life insurance, I believe.

STATEMENT MADE ABOUT RELIEF BY LABOR MINISTER

Although relief agencies for East

y that year were higher than at any other age. Mr Rogers said the general relief situation reflected increased unemployment which was over persons a considerable length. Thus the age number on relief by month 1933 was lower than in 1937.

Written: Manning (1930), Toronto:

He also described Mr. Rogers such as the most complete and frank confession of failure offered in the house. He asked ample housing legislation; initiative for making roads and farm roads; mentioned by Mr. Rogers that no temporary solution and

underlying causes of unemployment and Mr Rogers were a moderate, no-nonsense approach to the problem.

The challenge of unemployment is not a challenge to governments alone but also to leaders of industry, such men had more faith in the cooperative forces of Canada's manpower than in the market.

The minister was on a fishing boat as he looked out at critics of his government who exaggerated

Critics of the former class are not attacking the government's left

"As a matter of fact," said the speaker, "the position of Canada itself though it is used let us face it as a great difficulty in that no other

The United States had tried almost all the expedients suggested by the opposition and still had 12,000 men unemployed and 21,000,000 on its credit at home on the market.

The total number of fully employable persons receiving aid in 4 weeks in January was 13,000, an increase of 66 per cent over January, it was reported.

The average monthly number for registered members residing and in 1926 was 14,150, 20 per cent less than the average monthly number for 1924.

The total number of cases of diphtheria in January this year at 48 per cent more than in January 1974 but 22.9 per cent less than in January 1977. The average monthly total on the day in 1974 was 557.24, 15.5 per cent less than in 1977.

The agricultural and the total secondary was 316,000, 17.5 per cent less than a year before and 12 per cent less than a year before the average monthly number in 1936 was 316,378. 24 per cent less than the 1937 average.

The grand total of persons in the U.S. and in Canada in January was 178,000,000, or 2.7 per cent less than in 1926, and 1.7 per cent less than 10 years ago. The average male population in 1936 was 572,000, or 2.2 per cent less than in 1927.

"No one would doubt the advantage of having those who are unemployed at work but the great question we have to consider is whether

by increasing public payrolls to great extent you may not deny yourself the opportunity of expanding private payrolls," said Mr. Rogers.

The Weekly Shovel Fall

My wife's a wonder, said Perry,
the window cleaner. Last winter
she trotted me outside out of an old
leaking costume, and this summer
she trotted a leaking costume for
herself out of one of my old coats.

Your writing isn't very good to
day, Mary.
No, mine. You see I had his
cogles and they kept scribbling me.
I'll take off my hat to you because
it was all I could do to not
write last night!
Wasn't they fresh? What did
they look like when you opened
them?
Oh, do you have to open them?

Clark—My salary is not what it
should be.
Employer—But do you think
you could live on it if it were?
Henry—You give me a defini-
tion of the word "problem"?
A man who couldn't dream of
sitting a woman with his hat on.

Professor—The examination
questions are now in the hands of
the printer. Are there any last
minute questions you would like
answered?
Pence—Who's the printer?

Mistress—Maudy, I found my
new silk slip to your closet.
Maudy—And you thought you'd
lost it. Imagine that.

Employer—What do you mean
by telling me that you have had
seven years' experience in a bank
when you never had a job before?
Youth—Well, you advertised for
a man with imagination.

Man carrying basket things, went
in need of help?—Did I get any
help indeed in this shop?
Barber—No, sir, we've never been
in business two years.

Frankie—Dad, what do you call
a man who drives a car.
Dad—It all depends on how
close he comes to me, my boy.

PROTECT YOUR HORSES
FROM
EQUINE ENCEPHALOMYELITIS
(Colic, Stomach, and Intestine)

Experts agree that the outbreak of this disease
is likely to reach its peak in Alberta this summer.

VACCINATION
is the only reliable and preventive treatment.

PROCEDURE

1. Vaccinate all horses with "Chick" vaccine, giving the whole of April.
2. Two doses of vaccine are required, given from seven to fourteen days apart.
3. Vaccine is available at all clinics, veterinary offices, and from qualified veterinarians. Call for full form—E.C.
4. A qualified veterinarian, or if one is not available, some other qualified person should be obtained to administer the vaccine.
5. Persons wishing to do so may vaccinate their own horses.

Warning!

Vaccine is effective only when given prior to outbreak of the disease.

Scientists usually are the first to report earthquakes, but the Manila earthquake of 1957 was the exception to the rule. An extensive telegraph net-up, carrying Chinese-Japanese war stories, actually preceded the seismograph stations.

The kangaroos, a bird that lived on earth millions of years ago, could progress only by swimming. It could neither walk nor fly.

London. The board of trade outlined in a white paper the government's provisional plan for marine insurance against war risks designed to prevent rates rising so high as to restrict shipping. It disclosed an agreement between the board of trade and the war risks cargo pool, composed of marine insurance companies and underwriters.

PORK and BEANS

The Weekly General Poll

Teacher (questioning class after
on preservation of food) Mary, tell
me one way of preserving meat.
Mary Putting it in ice, teacher.
Teacher - What do we call that?
Mary - Ice-cream, teacher.

Mother (to coming daughter) -
Shakes her father's name, 'yes yes?'
Well, I don't know what o'll say
when he has to drink out of 'is' cup

Does your wife always have her
own cup?
I'll say she does. Why she writes
her diary a week ahead of time

Mother - Now, Junior don't go
so far out in the water.
Junior - Yes, but you let daddy do it.
Mother - Well, that's different.
Daddy has his life line

John - What is truth?
Pa - What you hear when two
vagabonds are having a row.

He - My wife and I got on splendidly
for 10 years.
Really? And what happened?
He - She came back.

You a fine tamer - a little chop
for you!
My chin is the mark of my success.
The time was waiting for me
to grow a little bigger.

Housewife - I'm really now I
thought you were dressed and waiting.

Housewife - No I was, but you'd
have to wait now until I change a
grip.

Refrigerator - I think a sharp nose
usually indicates acuteness.
Beets - And a flattened one may
indicate too much

Gobb - The doctor said that my
wife and myself must never converse
then, as I've brought myself a set
of gold teeth.

He - And what have you bought
for your wife?

Gobb - A new mirror.

THRIFTY

is the word for it!

Priced right down with the Lowest
... built to weather the Years!

THRIFT begins with new low prices on
Pontiac "Arrow" models... down as much
as \$100 compared with last year... right
down with the lowest. The Pontiac feels
hundreds of dollars above its cost... per-
forms "like a soldier". And Thrift carries
on, year after year. The car's a regular winner
on "gas" and oil... built to stand out through
the down ability to stand up.

Pontiac's a great big heavy... with wide
doors, "humpless floors" and interiors as
spacious as six lucky passengers can admit!
Thrill applies to driving effort, too! Effort-
less controls show your instant command. So
indian you buy any car, use and drive the
"Arrow" and the "Chieftain". One of these
two is the car for you. Convenient terms
arranged on General Motors installment Plan.

A Welcome To Their Majesties

For the first time in history a reigning British Sovereign and His Royal Highness are visiting Canada. Through the grain belt of the West, through the ranch lands, up the foothills and over the Rockies, the Royal Progress makes its way.

This Company joins with the millions of loyal Canadians subjects in wishing Their Majesties a pleasant journey, health and happy success of their stay in Canada.

Walter—won't your egg cook or less enough?
Oswald—Yes, but not soon enough?

Ned—You didn't send your horse for that last person?

Ted—No, I thought it would be more humane if he never knew what hit him.

Walter, two orders of Spumoni Vermicelli please.

Very sorry sir, that's the printer, sir.

Wife—I can't decide whether to go to a palmetto or to mind reader. Husband—Go to the palmetto. It's obvious that you have a palm.

Salomon—Here we are, the latest thing in hoos.

Prosper—Ee?

Salomon—Yep, stranger for three-ours with bull-in living rooms.

You haven't missed church in 11 years I'd hardly have thought you a religious man.

I'm not particularly, but its great to watch one man speak and trap 200 women quiet.

Tommy—My father has eaten beef all his life and now he's as strong as an ox.

Willie—That's funny. My dad's eaten fish all his life and still he can't swim a stroke.

Scoutman (at riding academy) I wish to rent a horse.

Green—How long?

Scoutman—The longest you've got, there will be five of us going.

Nurse—The doctor says your wife may speak to you for five minutes—no longer.

Mr. Macquinn—Thank old doctor!

Wife—(hearing outside of the front door mob at 6 a.m. appears

at bedroom window) Why then, what are you doing?
Mrs. M. I'm trying to get Honeys.

Angry Diner—Walter, didn't you hear me say well done?
Walter, hearing half cooked meat—Yes, sir, thank you very much. It's seldom enough we get any thanks here.

Streetcar are pleasant. It's a great life if you don't wake.

Best Results
When a cake is done it is a delicate brown, has shrunk slightly from the edge of the pan and when touched lightly with the finger tips, springs back and leaves no mark on the surface.
For best results the ingredients for a cake flour, eggs, and milk should be at room temperature. Besides the shortening and sugar mix-

ture is such as to permit them to roughly get the result in a trifle, most cases.

An historic event, which may be expected to leave its train a lasting and beneficial influence on the course of events in the Dominion, is the recent visit to Canada of Her Majesty, King George and Queen Elizabeth. The occasion was doubtless nearly everybody knows, marks the first appearance of an English monarch in North America, and is a source of great interest to all Canadians. It is indicative of the growing importance of the Dominion of Canada as a nation and as an entity within the Empire.

Her Majesty's tour across the country was nothing less than a triumphal progress. Her Majesty, who has been born to relieve the anxieties of Canadians as an undomestic and pliant personage, the warmth of the reception accorded the King and Queen by their loyal subjects on this side of the Atlantic was a surprise and occasioned amazement to British subjects in other parts of the Empire.

Carstairs Stampede - Wed., July 5

Bank—I'm a born musician.
Bank—What makes you think that?

Bank—Well, I was born with drums in my ears.

Schoolboy (entering his father's study)—Dad, I have finished your income tax assessment. Now are you getting on with my home-work.

Perfect Wife—Ho, I'm sorry, I can't come to bridge this afternoon. Mrs. Simpson. You see, my husband is playing in a golf competition and he likes me to be here to sympathize with him when he gets home.

Mother, (relating gossamer story) Now Donna, wouldn't you like to give your honey to that poor little boy you saw today who didn't any father?

Donna (stitching rabbit)—Could it be give him father instead?

A man never has a great load on his shoulders the morning after.

Teacher—Smith minor, what do you know about (Simpson)?
Smith minor Nothing sir. The film has not been to our cinema yet.

All work and no play makes Jack the delivery.

Edna had four children and named them: Bessie, Mabel, Minnie, and Edgar, because she didn't want no Min.

Gen! I'll bet the doctor had a stone when they took out your mother-in-law's appendix.
No husband, they had a mile stone.

He—Why did you quit your job?
She—The boss was so boring that I fell through his lap.

Thom—My doll can handle a line just by rubbing two sticks together the right way.
Wile—That's nothing. My pup can make the sparks fly just by rubbing them the wrong way.

What did you tell that criminal guy who asked that he knew everything?
I told him to get wise to himself.

THE CARSTAIRS NEWS

CARSTAIRS, ALBERTA, THURSDAY, JULY 10, 1936.

SUNDAY 71

Local and Personal News of Carstairs

The United Church was the scene of a pretty wedding Thursday, June 25th when, in front of an altar beaded with ferns Florence Elison Weiss, youngest daughter of Mr. and Mrs. A. Weiss became the bride of Mr. George Stewart Shaw, son of Mr. and Mrs. R. A. Shaw.

Reverend Mr. Pybus read the marriage laws.

To the strains of the bridal chorus as played by Miss Myrtle, Carry the bride, returned the church on the arm of her father, who gave her in marriage. The bride looked charming in floor length, white silk double not over tulle, cut in princess lines. Her veil was held in place by a wreath of orange blossoms. She carried a bouquet of spring flowers, the gift of the groom.

The bride was attended by her sister, Miss Gladys Weiss, who wore a pale blue not over tulle, and carried a bouquet of pink carnations. Her only attendant was a nee niece, the gift of the bride. The bride was the organist and to the bride were announced.

The groom was attended by Mr. Robert Moffat, of Bonif. The groom was Mr. Reginald Francis and from Folsom.

During the signing of the register, Miss Alberta Shearer played a violin solo.

Following the ceremony a reception for forty guests, was held at the home of the bride's parents. The bride's mother alone for the occasion a party about four o'clock. She wore a coronet of pink carnations. The mother of the groom wore a pale blue, and a coronet of roses.

The bride's table was covered with a three fold wedding cloth, it was with white roses. Flowers were placed by Mr. W. Shaw of Calgary, and Mrs. G. Amess of Crawford, providing at the time.

Stampede Crowd Of Over 2000 Attended

Over two thousand were on hand Wednesday for Carstairs annual stampede and in spite of two real heavy showers during the afternoon, which threatened to spoil the day, the events were run off without a hitch. The ball game in the evening, however, had to be called off, due to the muddy park.

Favored with ideal weather for the morning show, the parade and water fight were well up to standard and with seeing.

On the grounds there were a number of forms of amusement for the crowd, although the youngsters were disappointed at the non-arrival of the Ferris wheel and the breakdown of the merry-go-round during the afternoon.

The stampede events, featuring one of the best bucking and riding ever seen here, were efficiently handled and the huge crowd went away fully satisfied.

As usual, the dance in the evening was jammed in capacity to put the finishing touches on a most successful day.

therially Treasury experts change the content of gold, silver or copper, but when the standard has been fixed, the Mint will not vary it. The margin of silver, for example, is one five-thousandth from standard, and under it was found that the variation is only one five-thousandth. The variation in weight was almost inappreciable. The British Mint produces about 20,000,000 coins of all kinds a year, yet is wonderful in its exactness, and its standard of uniformity that no coin has fallen from the lathe for 10 years. Cost of variation, a stamping, worth 1 cent in Canadian money, was one hundred-thousandth part of the cost of the gold or silver itself.

Marriages

An event of widespread interest occurred at home of Mr. and Mrs. W. C. Harder of Carstairs Alberta where a double wedding was solemnized. Rev. A. B. Campbell officiated in marriage. Miss Margaret Frieda Harder youngest daughter of Mr. and Mrs. W. C. Harder to Mr. Gilbert Edson Baldwin of Brantford (Ontario), and Miss Frances E. Knapp, eldest daughter of Mr. J. H. Knapp of Banora, Alberta to Mr. William Ray Harder of Carstairs, Alberta.

To the strains of Lohengrin, played by Mrs. H. Brooks, the brides entered, supported by their fathers, and preceded by flower girl, Miss Mary Harder. The ceremony took place under an arch of green, longly interlaced with pink streamers.

Miss Margaret Harder was becomingly groomed in pale green gown. Miss Eleanor Knapp in pale pink gown; each carried a bouquet of pink roses and sweet peas and each wore a spray of red roses in her hair.

The bride's mother wore a dress of gray sheer with a corsage of red roses.

While the first couple, Mr. and Mrs. G. Baldwin signed the register, Mrs. G. B. Powers sang "O Promise Me," and while Mr. and Mrs. H. Harder signed the register, Mrs. A. B. Campbell sang "I Love You Truly."

Later a delicious lunch was served by the Misses Myrtle and Frances Edmund and Kinora Snyder. The bride's table was covered by a pretty daisies, three tiered wedding cake.

When coffee was served, Rev. A. B. Campbell proposed a toast to Mr. Baldwin, to which Mr. Baldwin responded. Mrs. A. T. Oute proposed a toast to Mrs. E. Harder, to which E. Harder replied.

After in the afternoon, observed with rice and candy, the two couples left for Calgary enroute to Banff and Lake Louise.

For travelling, Mrs. E. Harder wore a red and white ensemble, with accessories to match, while Mrs. G. Baldwin wore a blue and white dress with matching accessories.

On their return Mr. and Mrs. Ray Harder will reside on their farm near Carstairs, while Mr. and Mrs. Baldwin expect to leave for Ontario in the fall.

J. B. Reicher and Martin Foster left the first of the week for the mountains on a holiday trip.

Mr. Latchford and family were visitors at Pine Lake last week.

The regular meeting of the I.O.D.E. will be held at the home of Mrs. K. Jahner.

Open Heart who has just returned from an extended trip through the province, had a long trip, says that head crops long as good or better than those in other sections.

Leila Williams, who has been in London for several months spent the weekend here with her parents.

Govt. to Take Over Carstairs-Carbon Road

Representatives of the councils of Calgary and Edmonton, municipal politics met with Public Works Minister W. A. Fisher in Calgary on Monday night to discuss the problem of the road from Carstairs to Crowsnest.

It was decided that the councils should grade the road next year and that the department would then take over and gravel and maintain it.

E. P. Foster, local member, accompanied the delegation to the meeting and spoke in their behalf.

New Cistern in Use

Water was turned into the new live cistern last weekend and it was filled to within about three feet of the top. When filled it will hold approximately 47,000 gallons, which together with the two other cisterns and the O.P.R. tank will give the Village about 135,000 gallons available for fire protection.

With the installation of the new pump, which is expected next week the village should speak well up with the leading towns in the matter of fire protection.

Crops Need Rain

A couple of light showers were received on Monday but they did little more than cool the air and either rain or cooler weather is needed if crops are to fill properly.

While some fields are standing up remarkably well under the prolonged hot dry spell, others are dropping up and white caps are appearing on the heads.

What is, on the whole, much better off than the fact some coarse grains but a good rain is badly needed.

Light frost was reported west on Tuesday morning, following the rain, but little or no damage is expected to crops.

I Saw...

Royal Visit Demonstrated Essential Spirit Of Unity Existing All Over Canada

The visit of King George and Queen Elizabeth to North America has been accompanied a tremendous outpour for many reasons and U. S. Canada it is hailed with enthusiasm as a unifying force in the Dominion.

Their Majesty stopped at more than 60 cities and towns including the capital city of each of the provinces, and the effort was to maintain everywhere the same standard in the tour that lasted a month.

For Their Majesties "The King and Queen have given rise to a strong current of sympathy for themselves and their family," said the Quebec *L'Evenement-Journal*. French Canadians will never forget them and the words to here they had for them:

As to the royal tour to Washington and New York where the King and Queen were given a grand reception, the *Journal* John N. Brown's *Telegraph-Journal* said it "promises to unleash forces that will

The Duke of Kent
has become important factor in
Commonwealth's military life
Atticus, writing in the Financial
Times, says:
The position of the Duke of Kent

When he was appointed to be Governor-General of Australia, instead of merely performing the ceremonial duties that this involves, he was given the right to intervene in what is considered an important factor in the official life of the Commonwealth. While he will not interfere in the political struggles of Australia, he will be in constant touch with his Ministers and cannot but influence them in their role of policy-makers. Important and well-considered Imperial and world affairs will be discussed with him, together with family, friends, and countrymen.

Thereafter it is bracketed to note that the Duke of Kent is improving rapidly as a speaker. For one thing, at the Independence Day dinner he thrust the microphone away from him and said: "Nothing ever happened here. Nothing ever happened. It has done as much to improve us as anything." War Clouds Again Hover Over Europe

Twenty five years and one month exactly to the day since the outbreak of the world war, to our way, and Europe is again plunged into another awful bill of death and destruction.

On September 2nd at 11 a.m. Britain's ultimatum to Hitler, demanding that he withdraw his troops from Poland, under threat of a declaration of war, expired, and Britain and Germany were at war.

France, whose ultimatum expired six hours later, entered the war on the side of Britain and Poland. The British Commonwealth of Nations and the French Possessions have signified their intention of standing along with Britain and France.

Canada, during the past week has begun preparations for defence and parliament is to meet tomorrow to decide whether Canada will declare war.

Reveries are being stirred up all over the Dominion, those of returned soldiers and young men are joining up to serve their country in whatever capacity they may be required.

Hostilities were opened last Friday, when Hitler, in the face of pledges by Britain and France that they would aid Poland if he attempted to use force, invaded that country. It was not until Sunday, after he had refused to withdraw his armies from Poland, that Britain declared war.

Germany, up to the present has confined actual conflict to Poland where they have met with stubborn resistance. They report that their superior equipment and manpower have taken considerable territory.

Following Britain's entry into the war, German submarines commenced attacks on allied shipping and several boats have been sunk. The Atlantic, which was once free of mines, is now the theatre of a desperate struggle.

Britain is clearing the seas of enemy shipping and hopes to successfully combat the submarine menace through a navy system which has been devised to counter the German tactic of dropping pamphlets explaining that the war was the fault of Hitler and his selfish ambitions.

It is hoped that in this way internal strife could be created to weaken the German naval forces on the Kiel canal were bombed by the British and several ships damaged in an effort to divert the Germans from Poland. France is beginning to press on the western front and the arrival of British troops is believed to promise a major offensive in that line.

Owing to the war situation in Europe, the meeting which was to have been addressed by Dr. Kelland, on Wednesday evening, was cancelled.

W.E. Sharp was in town on Tuesday making the necessary arrangements for the projection room and it is expected that he will examine pictures shown in Carstairs had a week from Tuesday.

Miss Ruth Elsomson left this week to take up her duties on the Calgary public school teaching staff.

Cutting Nearly Done Threshing Underway

Harvest on Tuesday delayed but threshing operations a day, but they are again in full swing. Cutting is well along and many farmers are already finished, while others still have some wheat, coarse grain and grass feed to cut.

Several expected to commence threshing of wheat about the middle of the week but the rain has delayed them a day or two. John Henshaw, one of town, who commenced today, reports that his wheat is averaging about 20 bushels and grading No. 1.

East Carstairs News

The Billings Dance at hall Friday Sept. 8th, has been cancelled on account of harvest.

More Cinder Walks

The council here received the offer of four pairs of cinder from the O.P.H. and plan to use them to replace some of the worst wooden sidewalks.

The cinder walk which was put in this spring is now well packed and is an excellent walk, a big improvement over the wooden wooden walk.

It is planned to take up the stretch of sidewalk between the hotel and north end of town, replacing it with cinder and stone stretches in the north end will also be replaced.

WORLD HAPPENINGS

DEEPLY TOLD

Births of new motor vehicles in Canada in 1938 amounted to 7,777 units valued at \$8,017,000, according to figures released by the Motor Vehicle Manufacturers Association of Canada.

A scheduled visit of the U.S. Army Air Corps to the Canadian Forces Air Station at Downsview, Ont., will be the first since the war. The visit is expected to be a friendly one, and will be a good opportunity for the two air forces to get acquainted with each other.

Production of the aircraft industry in Canada in 1938 amounted to 1,447 units, a sharp increase over the 1,000 units produced in 1937.

He said that the government was not a "big" government, but it was a "big" government in terms of its commitment to the people.

The ministry of information carried Mr Chamberlain's statement of allied war policy a step further by intimating that Britain and France never would negotiate a peace treaty with Germany as long as Hitler remained leader of the reich.

Lord Halifax told the lords Britain's undertaking to limit aerial bombing to military objectives was

BERN (Germany's greatest news agency) said the same information passed the Ministry government must build themselves completely free. If such restraint is not in fact observed, to take such action as they may deem appropriate." Lord Halifax said.

The Polish embassy issued a statement declaring that up to Sept. 3, the day Britain and France declared war, about 30 cities and open towns in Poland had been bombed. The statement was made in reply to Nazi threats to bomb open towns if Poland rejected their demands.

Cyclonic squalls were sweeping to Poland from the southwest, Sept. 3.

Rubber Tires Confiscated

(Citizens Of Germany) Must Surrender
Tires Not In Use

Berlin. Adopting a stringent economy measure, Germany has announced confiscation by the state of every private car rubber tire not in use in the week.

The confiscation order, issued by the federal bureau for rubber and asbestos with the approval of the

ministry of economics was in connection with a gasoline device which practically prohibits private use of automobiles after Sept. 20.

Collection stations to which citizens will be obliged to bring new, partly used and worn-out tires are being established.

Tires in drivers' stock and reserve tires owned by individuals but not registered are subject to special "hoarding" tax, according to the U.S. Motor Vehicle Administration.

Ho—I've been married for 20 years and I spend every evening at home with my wife.
Friend—Ah, that's love.
Ho—No it's not.

Brown—Why are you looking so down in the mouth?
Robinson—I had a row with my wife and she swore she wouldn't speak to me for a month.

Brown—But that shouldn't upset you.

Robinson—No but the month is up today.

Be thrifty when you're young, and when you're old you'll be able to afford the things you like the young can enjoy.

Teacher—Willie, give me the definition of "buns".

Willie—Home is where part of the family water melt the others are through with the car.

You, happiness is only a bubble. And that's why I ordered cheap paper. It has millions of bubbles.

A husband would rather come home and find the frigolaine on the blink than find the income out of order.

The difference between a millionaire and a goldfinger is that he has what is taken, and she takes what is his.

Snoddy happened upon a fellow looking lying in the road after a motor crash. Did not one see me? he asked. No, Well, I'm insured, too. We'd go mad if I lay down beside you?

Smith—So you're eating your key up in the bakery business?

Jones—Yes, he's no harm on though not such a small baker that I'm sure he'll rise in the business.

Ethel—You know, my hair is just full of electricity.

Frank—Why, of course, it's composed to a dry cell.

Edna—Oh, aren't those stockings lovely? I want a pair of them to wear to the ball tonight.

Absent-minded Clerk—Will that be all?

The GIANT of ALBERTA

THE ancients thought the sky was held up on the shoulders of the giant Atlas. But Alberta is actually carried, from an economic standpoint, on the shoulders of the giant Agriculture.

Last year, less than 100,000 Alberta farmers produced \$167 million of new wealth. Of that total \$118 million came from field crops, mostly wheat.

Where would Alberta's 775,000 people get a living if it were not for agriculture? Yet this great industry must struggle along under the burden of marketing methods which, more often than not, provide inadequate prices.

Sophistry and theorizing avail little. Action is needed. The Wheat Pools and the farm organizations must struggle along under the burden of marketing methods which, more often than not, provide inadequate prices.

But it is just a step. The Board must be perpetuated. The agricultural industry must have greater all-round price protection. There must be no return to the laissez-faire methods. An aroused agriculture can make progress by making its strength. The best way to do this is to build up farm organizations and co-operatives.

PORK and BEANS

The Weekly Standard

New popcorn, said the teacher,
a man working on a river boat
suddenly fell in. He could not swim
and would be in danger of drown-
ing. Picture the scene. The man's
sudden fall, the cry for help. His
wife, knowing his peril and hearing
his cries, rushed immediately to
the bank. Why does she rush to
the bank?

To draw out his savings! ex-
claimed the bright student.

Little Doodle and her friend went
out riding - in their latest Fords -
last week and came home with a
couple of red skins.

The mud-rat is my automobile
I shall not trust another. It makes
me go in the down beneath it. It
leaves me beside the repair shop.
It costs my soul. It makes me in
the pits of ridicule. Yes, though I
ride in the valleys, I am loved up
therein, for I fear much evil when
it is with me. My brakes and my
engine discomfort me. I have a
blow-out in the presence of my re-
sidence. I sound my three white
patches, my radiator gleams over
merely if this thing follow me all
the days of my life. I will dwell in
the hay-stacks forever.

Married Revolver - What does
your wife say when you stay out
as late as this?
Nothing. I'm not married.
The married man trembles.
Then say, he said, do you say
out as late as this?

Parasitic - Why did you have
the corporate head of your ex-
cesses on far from the home?
Former - Oh, H. H. he lost in
the long run.

An old maid couldn't go choos-
ing after every Tom, Dick and
Harry if she had a Will of her
own.

Order to remember about! Pan-
dora, but do you mind if I play
through? I've learned that my
wife's been taken seriously ill.

When a woman finds she's been

Timber—Ahh, are you tell
for the difference between possi-
bility and certainty?
Ahh—Sure. One is a strong
will and the other is a strong word.

Little Tim was saying his ex-
posed proves to a very low tone.
I can't hear you, dear, his mouth
was whistled.
Wasn't talking to you, the small
one answered firmly.

A shy young man once said to a
young lady
I wish, dear, that we were on
such terms of intimacy that you
could not mind telling me by my
first name.
Oh, she replied, your second
name is good enough for me.

My first girl friend was a cham-
pion golfer, my second a champion
tennis player, my third a swimmer,
my—

Ahh! A sweetheart in every sport.

Are you sure she intends to
marry him?
Absolutely! Just the other night I
heard her correcting his grammar.

What lovely, what these are
gilded the visitor, I don't know
how many I've had!
Sir, said the small son of the
family.

Deporting them (to chauffeur)
I do hope I can't miss the last
train.
Chauffeur—No fear of that gar-
son, The master told me I would
instantly demand if I brought you
back.

Thinking it said to draw the
blood to the head, said the profes-
sor.

Is that why when you think
twice about some things, you get
red? asked the student.

Are you sure she intends to
marry him?
Absolutely! Just the other night I
heard him correcting his gram-
mar.

Why—I cutched with me.
Why—But not with?
Why—No, better with me.

You'll have to leave now
But I just arrived.
So was my husband!

Happenings in East Carman District

Mr. and Mrs. Wilfred Paul went to Didsbury last Thursday to bid farewell to Chas. Trach, brother of Mrs. Paul, who left for the States. He expects to return to the States together with Mrs. Trach to again take up their duties there. Friends of Mr. and Mrs. Trach wish them a safe journey.

We are pleased to report that Mr. Paul is recovering from his recent illness.

Miss Mary Nellie Alexander entertained a number of friends at her home on Saturday night. The evening was spent playing games, and a delightful lunch was served by the hostess.

A lovely time was had by all who were present.

Last week workers who have been busy remodeling the home of Mr. and Mrs. Howe completed shingling the house. He hopes the weather continues to be mild enough for them to complete their job.

I Say...

Bill Peterson says the way is all right but it keeps you out for time.

One who is not a reporter for the group claims:

The carter has been taken by the bug "now that the ice is laid."

Bill Henderson mentioning the new job by building the cutting in.

The hockey club are sponsoring an ice rink on Saturday night, Jan. 10th.

The Larkie will be a fine affair the holiday rink and can't get the days straightened out.

Sam McRoy telling the story of the missing turkey.

Previous winners of the raffia, amounting to around \$50, will be turned over to the Red Cross.

Ice Carnival at Local Rink Saturday, Jan. 13

Carman hockey club are holding their annual ice carnival at the rink on Saturday, Jan. 13th, commencing at 7 P.M.

A full program of races and competitions is being arranged and the local speaker equipment to supply music.

As to previous prizes the prizes are offering a lot of good and prize to the holders of the lucky tickets and a good attendance is expected.

Three arrivals are put on each year to enter the club's business and all competitors are asked to buy a ticket and then they to keep the boys out of the rink.

Mr. and Mrs. John Barrett are the old play out and the new year is, in the home of Mr. and Mrs. W. L. Carter.

Spent at Wren's for the Christmas gifts is a package, and the gifts for the.

The bridge club met at the home of Mrs. Sam McRoy on Wednesday evening.

Look at the list on page four. It will tell you the results and give you a list of your contributions. If you are in Carman, we will be glad to have a contribution from you.

Calgary Talent For Program Here Jan. 18

Mr. R. Noble of Calgary, has arranged to bring a programme of folk dancing, singing, musical and musical numbers to Carman on Thursday, Jan. 18th, in aid of the local Red Cross fund.

Included among the artists appearing on the programme are a number of Calgary's foremost performers and an excellent entertainment is assured.

The services of all these players are being donated for the benefit of the worthy cause and even the transportation cost is being taken care of by generous Calgary citizens.

Our part in the programme consists of turning out in force to enjoy and show our appreciation of their efforts in behalf of our local organization. Let us therefore get out to the show and see that our neighbors come along.

As there will be a number of children in the group, it has been suggested that the program commence at 7 o'clock sharp. Admission: adults 10c, high school students 5c, children 10c.

Would Buy Public Address System at Rink

The skating ice rink is proving far cheap and good enough for young people have been turning out nightly to enjoy to have or two of skating.

There has been some talk of purchasing a public address system in Carman for use at the rink, the skaters or any public function and a subscription list has been opened to obtain the necessary funds. Donations to the fund may be left with E. Sam or Ed. Weber.

When this equipment is installed, it will be possible to obtain the music and it is expected that more skaters will then patronize the rink.

Canada's First War Loan is Due Shortly

Canada's first war loan, scheduled to make its appearance early in 1950, is now being launched as it will provide the cash and aid of Canadians with an opportunity to make their most direct contribution to Canada's war effort. The backbone of our participation in this war will be financial because of the big amount of munitions, and other supplies required from the U.S., much of the aid to be paid for by the Allies, but some initial purchase in this country will have to be financed by Canada and our own program will be essential.

Miss Gladys Wells, who spent the holidays at the coast, returned home Thursday.

Mr. R.J. Chynoweth left Wednesday for an extended visit with relatives in Minnesota and other U.S. cities.

Mr. and Mrs. Ray Webster and family spent the New Year with relatives in Calgary.

The T.V.A. of the Fredericton branch are holding a Christmas tree at the Carman store on Saturday, Feb. 12th.

Marriages

A quiet wedding, was celebrated on Thursday, Dec. 28, in Calgary when Myrtle Blackwell, daughter of Mr. Philip Quigley and the late Mrs. Quigley, was united in marriage to Bruce A. F. Pevision, M.O. Mr. David Osmund officiating.

Miss Alma Quigley and Mr. Kenneth Alder were the attendants. After the customary wedding dinner was served at the home of the bride to immediate relations and friends.

After a short honeymoon, in Calgary, Mr. and Mrs. Alder will reside south west of town.

The marriage was solemnized in Calgary on December 27 at 9 o'clock by Rev. M. J. Mac, of Marjorie Street, daughter of Mr. and Mrs. R. H. Kimmel, of Carman, to Mr. Lester A. Alder, only son of Mr. and Mrs. Arthur Alder, of Carman, Alberta.

The bride, who wore a traditional blue tulle afternoon dress fastened with short sleeves and brightened by a gold brooch and gold bracelet, was attended by her sister, Mrs. Percy Wells, who wore a rust dress, which was also trimmed with gold.

Percy Wells was the groomsmen, and Mr. and Mrs. Ray Shorne, the bridegroom's brother-in-law and sister, were witnesses.

After a short honeymoon in Calgary, they will take up residence at Carman.

PORK AND BEANS

The Weekly Round Up

Am the children all as usual to us get down to breakfast the morning after New Year's Eve. Now can they help but be, doing until daylight? said mother.

Your school report is diagnostic. Hobbey Ann? you ashamed of yourself?
 Dad, you promised me \$5 if I brought home a good report, and money told me you couldn't afford it.

What's the fundamental difference between a man and a woman? A man will pay \$5 for a \$1 article he wants, while a woman will pay \$1 for a \$5 article she doesn't want.

Und, what is meant by the house of conviction?
 The jerkbone colony.

Bliss, you have broken your engagement to Tom because your feelings toward him aren't the same, are you going to return his ring?
 I don't care, my feelings for his ring are still the same as ever.

Home (suspiciously) What have you been doing, Ellen?
 Ellen—Mother's voice my daily slippers, so I've been polishing his shoes—Ellen?

Ellen—I've been to his house and drunk his milk.

Jim must have dropped from the football team.
 Yes, I notice he's attending classes now.

Goffey—I'm not playing the game I used to play
 Goffey—What game was that?

Teacher Now, John, tell me why you talk about the wisdom of the serpent?
 John—Because you can't get it in his leg, now

Mother, did you notice that some of my boys traded sheep skins or second hand shoes I got them at Christmas?

You, dear I suspect that your father and grandparents almost own them out playing with them

320 B.C. IN ANCIENT GREECE

The Greeks were not long in following the example of the ancient Egyptians in the making of Beer. The Greeks soon commenced to improve on their knowledge of the art of brewing as far back as 320 B.C. the writer Thales of Miletus tells us that the Greeks considered barley wine or beer ("Kythos") in their daily life as well as in their festive meetings.

Good!—This room looks to me

like a hall

Mailbox!—(politely) Well, it's all

a matter of what a person's used

to

Mistress—You've wasted money

This antique heater in the hall has

been on all day

Maid—Don't worry, ma'am. I

borrowed it from next door!

He was discussing his son and

hair, when he had recently taken

into the kitchen

Well, you, he's shaping pretty

well, but he has a long way to go

yet before he'll have a head big

enough to fill my shoes

Judge—Have you any one in

this court who will touch for your

character?

Defendant—I have, your honor.

Sheriff—Impossible your honor.

I don't even know the man.

Defendant—There you are judge.

I've tried in this county more than

10 years, and the sheriff doesn't

know me yet. What better char-

acter witness do you want?

A brother was instructing her

when in the use of matrimony. How

charitable, she said, what is the

opposite of virtue?

Jay, disturbed the class in silence.

And what is the opposite of vice?

Glady!?

What the passenger reservation

cards is made mobile and fever

action

Mother says, may she have a
pound of butter and some sugar
on trust till father comes home
and the little girl in the grocery's
shop

And why doesn't your mother
come home? asked the grocery
suspiciously

Oh, said the child, full of fran-
cousness, mother's trying another
shop

Waiter—Would you mind set-
ting your bill, sir? We're closing
now.

Patron—But I haven't been ser-
ved yet.

Waiter—Well, in that case,
there'll only be the cover charge

Tommy—I don't think Auntie
will stay, she didn't bring much
money.

Johnny—But look how long baby
has stayed, and he didn't bring
anything

IN ANCIENT SPAIN and GAUL

Right up from the ancient Egyptians who practiced
the art of brewing earlier than 550 B.C. the Greeks
and Romans made their own beer and understood
the principles of malting. They tell us of the use of
hops in Spain under the name of "Celia," "Celia"
"Cervoise," and others.

"The natives who inhabited the west of Europe
have a beverage made from corn and water. They
brew it as well that it will keep good for a long

Farmers...BORROWERS

Like ploughing and harvesting, the
need to borrow for productive pur-
poses occurs with the seasons.

There are numerous purposes for
which you may wish to borrow: to
meet seed and harvesting expenses;
to purchase fertilizer and equipment;
to purchase and feed live stock or
to finance shipments of livestock.

poultry or other farm produce to
market; or to undertake farm im-
provements under the Home Improve-
ment Plan.

Our local branch managers are familiar
with the needs of farmers in each
locality. They welcome applications
from credit-worthy borrowers for
loans having a constructive purpose.

Plant CANADIAN CERTIFIED SEED

Make plant early this year to harvest a bumper crop of smooth,
firm, high-quality potatoes. Good seed is the first step toward
success for an excellent crop... Increase only good seed will grow
vigorous plants, plants that will withstand most of the serious
diseases common to potatoes.

Canadian Certified Seed Potatoes are good seed potatoes. In
planting them, many of the losses due to disease will be avoided...
Higher-quality classes, smoother, more uniform potatoes than
those grown from ordinary seed stock will be produced.

By this means, harvest four potatoes... and more of them. Plant Cana-

dian Certified Seed Potatoes are available in all standard
potato-growing areas. The variety most suitable for your
area is the local District Representative. Please con-

sult him for full information and list of nearest distributors.

Good seed is the first step toward success...

Fishing Trawlers Used In The Very Hazardous Work Of Mine Sweeping

By "Bartman", the famous British Naval writer.

In their attempts to portage British shipping and ports, the "mine sweepers" the German navy has been using are of the most hazardous and the most dangerous in the world.

The mine sweeper is a vessel which is used to sweep the sea for mines. It is a very dangerous job, and the mine sweeper is a very dangerous vessel.

PORK AND BEANS

The Weekly Shovel Full

Sunday - Pa, what is a dramatic artist?
Pa, a man who is 30-40-100 per cent pork.

Heard - You want more money for the dramatist? Why, I gave you \$20 for that last week.
Wife: Yes, dear, but she didn't want her bill then.

Son, why don't you play shows? It's great fun. First you make a certain flag.

But where will we get the audience, dad?
Here's the saw, just cut some of the firewood into fireplace lengths. And you can have all the audience you make.

You didn't carry out your plan to sleep?

No. I found father was planning to sleep, and I didn't know where we'd find him when we got back.

An English newspaper advises the Government to steel put on the Irish question.
Another idea would be to try to understand Pat.

So you aren't going to put in a speech this year.

No, it has proved in the past to be nothing but a symposium for the neighbor's obtuseness.

Mother (to son watching around room) What are you looking for?
Son - Nothing.
Mother - You'll find it in the box where the socks are.

When are some good places to stop on this trip? asked the prospective automobile tourist.
At all railroad crossings, except the start in the tourist bureau.

A man by any other name comes higher in the coal catalogue.

Our coal used to come and see us every year - it was lovely.
Doesn't she come now?
No, she's living with us.

The doctor walked brightly into his waiting room.
Who's been waiting longest? he asked cheerfully.
I have, said the tailor, as he presented his suit.

Small Sam (to father) You never know when you are with women, do you, dad? Money says I'm too big to cry and then she says I'm too little to set up like.

Shish, please, boy, said the stout fire soldier to the shoe black.
The boy looked down at the vast expanse of boot before him.

Not, he called out to another Giano as 'bud - I've got on my coat.

A Plow With Sense and Backbone

This new Oliver Overland Beam One-Way Blue Plow has sense because the power lift and power return lifts the plow out of the ground and returns it to work in a more practical way than on any plow ever built before. Secondly, it has backbone because the square 25" x 25" superior steel overhead beam provides a central pillar of strength and makes the power lift and power return possible. That overhead beam with the beam above the share - also gives for greater clearance for the handling of weeds and trash by the share.

Come in and see this amazing new improvement!

IN EARLY BRITAIN

We have traced the art of brewing from the Cretaceous of 100,000,000 years ago to the present. The British addition introduced it to early Britain. Previous to their invention the most delicate of the early Britons were water, milk and bread (an intoxicating drink made from honey). Beer being suitable to the climate, and an easily made, by an adventurous people with plenty of corn. It was gladly welcomed and soon became the national beverage.

IN THE QUIANT BOOK OF THE 16th CENTURY

In 300 years the art of brewing became an important
industry in England. First in the 12th
century brewing became known through writers of
Baron on the Trust. Of the many books on the sub-
ject of Beer, one in particular deserves special
mention. In 1573, H. Knorr published a work in
five volumes at Erfurt with the quaint title: "On

The Beneficial Effect Of Sunlight On Health More Generally Recognized

Hypertension, the mother of *Medicine*, provided our treatment in the 4th Century B.C., and native tribes all attributed vigor to sunlight so that the health-giving value of sunlight was recognized long before the dawn of civilization. Dr. D. V. Curry, Medical Officer of Health stated in his weekly health message (Columbia River Courier) stated:

Five years that abbreviated bathing in the sun on the beach at Astoria, Ore., and women have come into being, permitting the body a liberal application of sunlight. There is no doubt that in the future, women of their lighter and more abbreviated apparel will be healthier than they have been in the past. Men as much more conservatively and

Stress Shows Effects Of A Blockade On Italy

Italy's total imports have transformed time routes now control the Allies.

Into the pinch is felt, Italy forced to compete with Germany, Balkan oil. With her sources United States, Mexico, Venezuela, The Netherlands East Indies, Italy necessarily will have to turn to Roumania, which is the oil her with only 10 per cent of the total. France's surplus of oil has been pledged to Germany prior to her entry into the war. Italy was able to count on Britain for 10 per cent of the 12,000,000 tons of oil used annually in peacetime. Italy has been importing 600,000 tons of oil annually.

been purchased abroad, most from the United States. Italy in the Mediterranean has become a channel of unusual imports including 100,000 tons of copper, 20,000 tons of wheat, 500,000 tons of wheat, 100,000 tons of corn and 302,000 tons of cotton.

Italy in the past has been buying 100,000 tons of potatoes from Germany's latest crop is far below par, however, the war-hungry country now is the corn produce, and more.

Accurate figures were available for the stocks of food and raw materials on hand in Italy. It was found, however, that they must be twice figures satisfying to Mussolini.

Italy's credit on world markets is not over \$200,000,000, a weakness is further emphasized by the drop in the reserve of gold of Italy from \$200,000,000 in December, 1938, to \$138,000,000.

"Whatever it is, is the way to get any letter addressed to me?"

By the time she returned to the room, the problem had been solved. The paper had appeared, and Jim Carleton was waiting on the narrow window seat.

"You won't be disappointed," she said at night near the end. "And here I am!"

"I wanted to talk to you about this," he said firmly, though he was not trying to suppress it. "And I have told our people that you can be found there if you wanted."

"Have you had any news?"

She smiled and he guessed by her silent tone that she had again forgotten the existence of the woman. At any rate, she did not say when he handed her into the car. She accepted his remarks singly though it was, without test.

They were passing from the street when Jim heard his name called looking round, saw a bridegroom and a bride.

"Come through just after you get married."

Jim read the hastily written note and turned back in an hour.

When they were seated:
"I want to ask you, was Mrs. Sims in the flat that night Uncle's wife was burglarized?"
She considered.
"No, she wasn't there; at least I oughtn't to have been there."

Ontario Considers Taking Steps In This Connection

The Ontario Government is considering controlling the sales of rifles and shotguns in sports goods shops throughout the province, Attorney-General Connat announced.

The question is being considered in connection with the supplying of firearms to volunteer civil guards.

Volunteer civil guards will be supplied with arms by the province.

Mr. Gault said it is contrary to law and public policy for any group or organization or guard to carry arms except on authority of some competent jurisdiction. There are two jurisdictions. One is the Federal Government and that body has the authority through the Royal Canadian Mounted Police and the militia.

The second jurisdiction is through

governments separate study of the House committee report by the Federal Government would be urged by authority of the Attorney-General.

Some Trees Become Fests

In all the tree planting projects that are being carried out it is worth remembering that there are some trees that are to be avoided. Manihot saplings and Caroline poplar make quicker growth than most other trees and will spread to fence corners and fields where they become pests.

meat.

So you were one of the many
who lost all their money looking
with the stock market?
Well now I was curious. The
market did the looking.

A little girl had been to church
for the first time. When she re-
turned home her mother asked her
what she thought of church.
I like it very much, she said,
but there was one thing I didn't
think was fair.

What was that, dear? asked her
mother.

Why, one man did all the work
and then another man came around
and got all the money.

What I say to my wife great!

Mr. Fry—A diplomat is a man
who remembers his wife's birthday
but not her age.

Mr. Johns—Is Mrs. Ames a
well-informed woman?
Mrs. Walters—Yes, indeed—
her own husband with all other
families in the neighborhood!

New Orleins—I thought gold
mines were in India.
Uncle Master—By the way,
Orleins—Well, the man I'm to
carry for is in two cities.

Dr. Sawyer—I had a great many
more patients this time last year,
my dear. I wonder where they can
all have gone?

His Wife—We can only hope
for the best.

A lady met a little girl in the
street moping broken heartedly.
Whatever is the matter, my dear
child asked.

My little dog is dead.

Never mind, dear. My grand-

crying.

Yes, she sobbed, but you didn't
bring him up from a nap.

Marriages

A pretty wedding was celebrated on Thursday afternoon, July 26th, at the Episcopal Memorial Church, east of Carstairs, when the daughter, Miss, of Mr. and Mrs. F. J. Hearn, became the bride of Albert Hearn. The bride was dressed in a lovely gown of white tulle and carried a bouquet of roses. The bridesmaids, Miss Gertrude Hearn were a beautiful dress of green tulle and carried a bouquet of white and pink roses. Miss Pauline Johnson was a gown of yellow tulle and carried a bouquet of white and pink roses. All entered the church while the stanzas of Lohengrin's wedding march were played by Miss Ruth Hearn. Mrs. J. H. Hearn officiated.

The party then left for the home of the bride's parents, where a reception was held. Later the happy couple left with their wishes from all for a trip to the mountains. Mr. and Mrs. Hearn intend to make their home some miles south of Carstairs.

STORAGE SPACE TO BE RAISED DRASTICALLY

From the making of the Wheat Pool, the demand that storage space was being provided in wheat elevators in the 2-3 bushel units is increasing in view of the general lack of storage space throughout the world.

The management of the nation's grain elevators has naturally given the highest consideration to the situation with the desire to put such temporary storage at these points where there is the greatest need and to future being taken into consideration in the storage industry in the past, the estimated yield, the present elevator storage capacity and the estimate of future storage capacity.

There is no question that storage space will eventually be entirely filled, and if additional storage space is not put in the near future, then any additional space can be readily filled by elevators from other elevators, with consequent added to the present situation.

The distribution of railway cars is completely tied in with the storage situation and an endeavor is made to give preference to shippers in those stations which have the most secure storage problem.

All storage space which the elevators are able to build up is being used for the present. There will be a large part of the work left in the future's supply through which will have to be provided on future.

PORK and MEATS

The Weekly Market

Meat—How do you like the week's meat? But says it brings out the flavor.

Mr. J. Macdonald, the Butcher, put out.

You can take it from me, and the butcher, that a few weeks ago you got the top pig meat out of the lot.

How about the butcher? What the boy at the bottom of the lot?

Pop, I've raised the W.I. we'll be long.

Good work, son. A few weeks ago you should try to get a few pigs to make himself independent of his father and stand on his own feet. How did you do it?

It's all right, son. The boy looked down at the vast expanse of his little farm.

Then, he called out to another boy, who came in—'I've got to go to the city tonight.'

Why is it you always get ahead of me?

Well, you gotta have something to play the phonograph with.

I can't hear that woman. Why not?

I've divorced her three times now.

How many more pretty girls do you have?

None. No, only five of us.

Strange as it may seem, girls always are forward when they look at you.

POKE AND BEANS

The Weekly Round-Up

You have made a handful of love
for each other.

It is going to work
good enough, what has come
over you?

A handsome play.

When is my wandering boy to
come?

A tender one or two?

An ancient parent one, and also,
and also, where the war?

Yes, Gracie—do you have a job
with my friend Sir, Lady? You
are full for you only have with
me two months?

Yes, Mary, I do and also if I
could stay with you for two months
that was good enough for me for
her.

A pretty young girl applied for a
job in an office and can give an
apprehensive look to the girl. When
she came to the first which read,
"Last Thursday the hotelier's
account and then made in a flow-
ing script, "The Girl's."

The strong man of the fair had
just finished improving the joke
of a woman.

Holding up before the crowd
in school, I'll give you the answer
you want, whether you want it
or not.

Go through a little man,
he gripped the man and, the surprise
of the crowd, surprised me. I'm
not a collector.

He—This one or to heading up
some time ago?

Yes—Yes! It's possible—and I
had a man to my left and
my right and the rest of the
crowd.

Have women made enough time
now?

Certainly! Have you ever seen a
man try to show or four each with
only thirty men in his pocket?

How—You should have been
here at the time.

They—Empire. Why? What
happened?

How—You didn't have to
know about people sitting in the
crowd into his presence in a field
one dealer.

Don't do so fast around the
corner, it shows me.

Yes, Sir—Yes! But your
eyes were on me when I was
there.

PORK and BEANS

The Weekly Street Pull

If you broke a dish a day for
six years, signal the husband, how
much money would the loss re-
present?
About six dollars less than you
suck in that copper mine in Mon-
treal, replied the patient wife.

Friend—I suppose you enjoy
being married?
Strike—Oh, yes, it's great fun.
You know my husband is an artist.
Yesterday he had a guessing
game. He painted a picture and I
scolded something for dinner, and
we both guessed what the things
were intended for.

There's no doubt but that Eli-
on was one of the greatest men
who ever lived.
Yeah—but while he was about
it why couldn't he have invented a
light for which somebody wouldn't
sneer you little every month?

How do you spend your income?
About \$4 per cent for shelter;
\$2 per cent for clothing, \$1 per
cent for food and \$2 per cent for
entertainment.

So you got rid of the depres-
sion in your town, did you?
Yes, but it took more than 100
loads of dirt to level it up.

So—I'm thinking of asking
some girl to marry me. What do
you think of the idea?

She—It's a grand idea, if you
ask me.

How am I collecting cash at
the 'ol church, Brudner Jones?
Well, I ain't had to stop lately
to do mables on the collection to go
empty do law.

Dancer—What is the name of
that place they are playing?
Partner—I don't know, let's
ask one of the boys in the crowd-
son.

Deacon (to telephone player)
What's that you're playing?
Player (hailing for a moment)
A telephone—lady a telephone.

A rather small boy asked a fore-
man in a shop for a job.
What can you do, sonny? asked
the foreman.

Can you file smoke? asked the
foreman.
Yes, sir, if you'll answer it in the
vice for me, answered the boy, He
at the job.

How is Henry getting along at
school, Eph?
Not so good. They're trying to
teach him to split hairs with a 'p'.

HUMANITY HAS
STRUCK ITS TENTS

At one stroke the thousand-year-old
British Constitution was abolished by the
British House of Commons...

It was done by the passage of an
act that could be placed on a sheet
of newspaper.

In a few hours the capitalist
organization of society was undermined.

Profit as a motive in human action
was extinguished.

Labour relinquished chemical rights
and privileges as its constitution.

The monstrous charge landed
the passing of an act.

Humanity has been struck
its tent and is on the march.

Join the trend and let it shape
the co-operative movement of the
world of a new life.

Do you believe in allowances for married women, she asked. Certainly, he replied. I think a husband should make allowances for a lot of things.

They had been invited to the dinner at the home of a prominent local resident. An there was no one to look after little Tommy, it was necessary to take him too.

The meal started off well enough, but while Tommy was trying to eat the meat on his plate it slipped off on to the floor, and his mother face flushed.

Tommy, she whispered tensely you must apologise to Mrs. Ayres at once. Get up and say something quickly.

The child slowly picked the meat from the floor and said, I'm sorry, Mrs. Ayres. It's funny, but I thought meat always does that.

Ho—You haven't said a word for twenty minutes.

In a big shop on a hot day a woman was seen to hold her cup up for a drink at one of the fountains. A shopkeeper, advised of this, hurried to the scene.

Madam, he explained, it's forbidden for the use of customers. Oh, I'm so sorry, she replied. I thought it was for the employees.

Grandpa, said a little girl, I saw something this morning running across the kitchen floor without any legs. What do you think it was? Grandpa, studied for a while and gave up. What was it? he asked. Water said the youngster, triumphantly.

Why the Red Cross is in urgent need of funds

Here are a few tasks the Canadian Red Cross must tackle at once:

- 1 At the request of the British Red Cross, it has undertaken to provide 10,000 portions of food each week from Canada for British prisoners of war in Germany. Canadian men thus help to lessen the strain on Britain's food supplies.
- 2 The Canadian Red Cross will provide, equip and co-operate with the Department of National Defence in maintaining a number of recreational hospitals in various parts of Canada, for use by Canadian soldiers, here from overseas, who are sick or wounded.
- 3 The Canadian Red Cross will help to supply clothing and other necessities to the more than 100,000 evacuee children in Britain, and the 100,000 refugees from crowded quarters who have sought shelter under the Union Jack. Many articles of useful clothing have been accepted, but another half million articles will be needed from Canadian Red Cross volunteers.
- 4 The Canadian Red Cross is sending an increasing flow of supplies for the alleviation of civilian suffering caused by enemy bombing of Britain.
- 5 At present we are short of some goods, on hand, we cannot be the one to look for Red Cross activities elsewhere.
- 6 The Red Cross must be ready and fully equipped to meet any emergency at the moment it arises.

These are tasks you must not leave undone. Support the Red Cross with all your heart.

Cleaner - burning, more efficient

ESSOLITE, the new kerosene recently developed in Imperial Oil research laboratories, is a distinctly different kind of kerosene. It is so technically quality fuel and is so free from sulphur and other impurities that it burns with practically no odor and causes almost no soot.

In lamps and lanterns, Essolite burns with a brilliant, white, flameless flame. In oil stoves, it gives a steady, uniform heat. In furnaces, incinerators and boilers, it burns safely and uniformly.

Essolite Kerosene, now made in Imperial Oil refineries in Calgary and Regina from Turner Valley crude oil, really gives exceptional value, the value you expect in a high grade kerosene oil, yet sells at the price of regular kerosene. Ask your Imperial Oil agent or dealer for Essolite.

Up to date the sum subscribed to the valueless interest-bearing loan amounted Aug. 15 and among \$100,000 is \$2,810,382.

Voluntary contributions, starting heavily as the war opened, fell off considerably after the evacuation

Official records show that many contributions came from foreign language persons and groups. For

Others who contributed largely out of small means were more than 2000 members of the first Great War who allowed certain parts of their income to help the war effort.

The vessel, a ship of 3,716 tons, was en route to the United Kingdom at the time she was lost.

Next of her missing have been notified, it was said, and 16 survivors were landed in the United Kingdom.

The vessel was carrying a general cargo and information here was confirmed that she had been lost "this month."

The former French boat was taken over by Canada last August. It was in a Canadian port when Prince capitulated to Germany and was requisitioned by the Canadian government.

Canadian Youth Week

Recent victims of a war in which their fathers are fighting in a perilous cause, these youthful exiles from European countries are now safe in Canada. They are being cared for by the Canadian Youth Week, a national organization that has been set up to help them. The youth are being given a chance to see Canada and to learn about the Canadian people and their way of life. They are also being given a chance to see the Canadian people and their way of life.

The Weekly Market Pull

Mr. Jack on average has the most general collection of goods in his home, and the volume of his food is not less than that of the most fashionable.

I'm glad to meet a man who started at the bottom and worked his way up. That man has done you better!

I was a butcher and now I'm a butcher.

Chase up! You'll forget all about that girl and her happy nose. Oh, no, I won't! I'm hungry too many times for her on the restaurant plan.

Just tell me one good reason why you can't buy a new car now. Well I'll tell you, replied the farmer. I'll tell you I'm still paying instalments on the one I swapped for the one I traded in last payment on the one I gave away.

A woman on her way home from school, and between trade deals a post card to her sister. I hope I catch this trade, the comical beauty, and handed the card to a sister, asking her to post it.

Who has the most get the summer? It has a new, perfect postcard. She thought it. Happily, yes, Peter.

Whether you like to be so famous that you had your own thousand dollar bill? No, but I'd like to be lucky enough to get my hands on one.

Whether's more over your head lately, Mrs. Brown's usual are Marguerite of her neighbor. It does nothing but all out loud.

Barbecue—Well, I don't know the difference between beer and your husband. Mrs. Brown—the one without any money in it is my best, that too.

Real Army Distribution

A Lot of Troops to Cover
Vernoy to Cover

Germany now has about 50,000 troops stationed within striking distance of Great Britain in addition to 22,000 stationed in and near Hamburg. A responsible Canadian military authority said:

British sources reported that about 10 German divisions, or 1,000,000 men, were stationed in Germany. About 10 divisions and 1,000,000 men were stationed in Germany.

The non-British authorities reported that the German army was now 10 divisions and 1,000,000 men.

Apparently one hundred and ten pounds of femininity was no tax on the chauffeur's strength. He walked behind the weeping little man, one hand on the scruff of his collar, he was whispering softly to himself.

Up the stone steps he walked and into the hall. The ancient maid came creeping round the corner, and showed 'ell down the kitchen stairs in protestation for something was happening at Reginald's home, where nothing had happened before.

The chauffeur lowered the girl into

PORK and BEANS

The Weekly Shovel Full

Pollockman (to intoxicated man who is trying to fit his leg in a hammock) I've afraid there's no holey here tonight.
Sweet—How? he has? he has? he has? a tight spigot.

Malcolm—Then shirk stomp laugh at the laundry?
Customer—I know I've had some come back with their socks split!

Tucker—Yes, children as in down wife is called a squeal. Now, what do you suppose Indian babies are called?
Fuppi—I know—squeal!

A gentleman is a fellow who steps on his cigarette so it won't burn the carpet.

Kind Lady—How would you like a kiss cheap?
Trump—But all depends, lady, is it lamb, pork or wood?

Lady—Is this a policed dog?
Dealer—Policed? Why if this dog could talk, he wouldn't speak to either of us.

You wouldn't care for a man as long you could look up to him
Yes, answered Miss Ceyana, but I don't want to be obliged to look up too far. Who wants to feel like a midget?

Immigration official—I'm sorry, but there's been a mistake here. We've got your hair as dark instead of blonde.

Madame young lady—Oh, that's all right. Will you alter, it or shall I.

Charles—I say, I can't take this cold like this. There aren't any pants in it!

Tutor—I know, but I thought from the length of time you've owned me for the last one that you never had anything to put in them.

Captain—Well, Private Smith, what did you have for dinner?

Private—Tutor, sir.
Captain(to sergeant) What does he mean by tutor, sergeant?
Sergeant—It's only his figure, sir. He means spuds.

The dresser used to start with a bunch of jokes that business is more serious now.

Quite so, Now he inquires about your golf.

We can digress too
